Sign a Petition. Save an Animal.

Dear St. Louis County Prosecuting Attorney Wesley Bell,

We are Janelle Babington and Penny Eims, animal welfare petitioners from AnimalVictory.org. Attached you will find a petition which we created after John Ross III repeatedly stabbed a border collie named Teddy Bear on September 7.

Our petition was created in order to secure a felony animal cruelty charge against Ross for the brutal killing of this border collie and to ask for Ross to be given the maximum sentence for this heinous crime.

It is our understanding that initially, Ross faced a misdemeanor animal cruelty charge for this incident. We are hopeful that the charge has been upgraded to a felony, given the particularly brutal manner in which this dog was attacked. Over 8308 people have signed this petition asking for Ross to be fully punished for this crime. We look forward to hearing back from your office as this case progresses through the court system.

Sincerely,

Janelle Babington and Penny Eims
