*Sign a Petition. Save an Animal.*

January 20, 2020

Dear Dr. Lin Zhou, President of Daping Hospital:

We are Janelle Babington and Penny Eims, animal welfare petitioners with AnimalVictory.org. We created a petition, signed by over 5700 people, asking for an end to the cruel crash tests which utilize live pigs.

[https://www.animalvictory.org/stop\\_using\\_live\\_pigs\\_as\\_crash\\_test\\_dummies\\_in\\_china](https://www.animalvictory.org/stop_using_live_pigs_as_crash_test_dummies_in_china)

Pigs are intelligent, sentient animals who experience fear and feel pain. There are better options for automobile crash tests which do not involve sacrificing pigs - especially since the animal-free models provide better feedback about how the crashes impact humans. Forcing pigs to endure these unnecessary crash tests is abhorrent.

We look forward to hearing back with you about this controversial and cruel, situation.

Sincerely,

Janelle Babington and Penny Eims
