

Justice for Mocha

Oh, we're to civilized.? Its barbaric? Its inhumane ? Look, that loving, trusting, innocent dog had a right to life also, being an animal changes nothing !! Did he have mercy? Does he have remorse ? Does he think what he did was horribly wrong ? Hell no he enjoyed it !! And people are next !! I have a hard enough time taking care of my needs and am disgusted that I have to pay to keep vermin like this alive , and build more prisons for them. Get rid of them and let's move on, it's insane. Tell you what, you think he should be spared, he didnt spare the dog he killed he won't spare the child he will kill next .. you take him into YOUR home, with your wife, kids, babies, and YOU sleep well with him roaming in your home ok ?? YOU keep him till he dies ok ? If these things are so beyond being humans, void of conscience, remorse or feeling compassion or have no feeling of life having any value why the hell should I feel they are of any value ? A murderer is a murderer straight up sick of scum living and their victims not. Not fair .. no justice for those they kill, they still live .. WHY ?? Need to start showing there are consequences for your actions and stop being so pansy assed .. ALOT of the violence that's been taking over would start to dissipate if someone showed some balls and gave them something to think about before killing,beating, starving torturing, ANYTHING !! Its NOT going to stop the way it's going... it's going to get worse it IS getting worse or ... you bleeding hearts that have sympathy for the vile murderer that enjoyed killing, instead of those who died and those who loved them , you house, feed and clothe these useless pos,ok ? You be responsible ... let them be side by side with your daughter, or son .. you trust. I'm done with them taking air and space from me ... I'm done keeping pos alive they dont deserve it. Make the world a better, safer, saner place to live ... rid it of the vile twisted scum such as this demon</p>

He's clearly stated fantasizing about killing ppl, therefore, why should we allow this trash into our society, and much less waste tax payers money on pond scum, useless, POS trash such as this monster. He clearly intentionally tortured and killed his dog for pleasure and it is only a matter of time before it's a human victim. And don't try to play this off as a mental issue. He knew exactly what he was doing. He is a waste of space on this planet. I say take him out the same way he did his poor dog. No one will miss this scum. You'd be doing our planet a deservice if he continues to breathe another day.</p>

Until animal abuse is taken seriously (and by this I mean this man should be given a life sentence as his risk to reoffend will NEVER be reduced since he "enjoys" inflicting pain and suffering) this will just continue happening. Life for a life, what a disgusting waste of oxygen this pos is!!! There we go another serial killer want to be, his crying out to be locked away, so lock him up and throw away the keys.
