

Red Lake Police - Investigate To Find Person Who Skinned Puppy!

On March 26, the skin of a seven-month-old German shepherd puppy was discovered on Ponemah highway in Minnesota. Red Lake Rosie's Rescue wants the Humane Society of the United States (HSUS) to offer a reward to find the person(s) responsible for this heinous crime, but the local police department has not approved the request for a reward. Someone knows something!! This situation needs to be fully investigated and someone needs to be held accountable. Please sign to let the authorities know that animal cruelty must be taken seriously! Read more about the [cruelty case here](#).

1011. Diana Sotelo	CA	human and it is known serial killers start with animals not to mention that 90 or more % of animal abuse and torcher leads to criminal activity, child abuse domestic violence, drug trafficking and more... so what is the problem with law enforcement there? Are they afraid of the can of warms that it creates when they start an investigation and allow concerned US citizens to start a reward. So now its on the people have spoken and this petition is going viral and the police and law enforcement in this are going to be exposed. Why oh why are suck deranged psychopaths allowed to continue doing these heinous acts on animals do you think they stop there? We should all be up in arms would you want this person to be your neighbor?
