# WHY WE'RE MARCHING

## on Sunday, March 20

On Sunday, March 20, 2016, there will be a major National March on Washington, D.C., to support the Palestinian people who are fighting for self-determination and the right to their homeland. Every day, Israeli forces kill, injure, imprison and torture Palestinians, seize more and more of their land, and enforce a racist apartheid system, a system of extreme discrimination like the one that used to exist in South Africa. Israel has built a huge Apartheid Wall that runs through the occupied West Bank. The Palestinians in Gaza remain cut off from the world by Israel's blockade.

None of this would be possible without the billions of dollars of U.S. aid – paid for by our tax money — that flows to Israel every year.

The March 20 National March will gather outside the White House and march to the annual convention of the American-Israel Public Affairs Committee, AIPAC, the leading lobbying organization that works to support Israel inside the United States.

Join us to say:

- **NO to Israel's racist reign of terror!**
  - **YES to Palestinian self-determination and the right of Palestinian refugees to return home!**
  - **END U.S. aid to Israel!**

**Transportation and buses  
are being organized from  
around the country!**
