

APPENDIX K: Emergency Preparedness and Response and COVID-19 Addendum

Background:

This standalone appendix may be utilized by the state during emergency situations to request amendments to its approved waiver, to multiple approved waivers in the state, and/or to all approved waivers in the state. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities.¹ This appendix may be applied retroactively as needed by the state. Public notice requirements normally applicable under 1915(c) do not apply to information contained in this Appendix.

Appendix K-1: General Information

General Information:

- A. **State:** Nebraska
- B. **Waiver Title(s):** Comprehensive Developmental Disabilities Services Waiver
- C. **Control Number(s):** NE 4154.R06.09

D. Type of Emergency (The state may check more than one box):

<input checked="" type="checkbox"/>	Pandemic or Epidemic
<input type="checkbox"/>	Natural Disaster
<input type="checkbox"/>	National Security Emergency
<input type="checkbox"/>	Environmental
<input type="checkbox"/>	Other (specify):

E. Brief Description of Emergency. *In no more than one paragraph each*, briefly describe the: 1) nature of emergency; 2) number of individuals affected and the state’s mechanism to identify individuals at risk; 3) roles of state, local and other entities involved in approved waiver operations; and 4) expected changes needed to service delivery methods, if applicable. The state should provide this information for each emergency checked if those emergencies affect different geographic areas and require different changes to the waiver.

COVID-19 pandemic. This amendment will apply waiver-wide for each waiver included in this Appendix, to all individuals impacted by the virus or the response to the virus (e.g. closure of day programs, etc.).

F. **Proposed Effective Date: Start Date:** March 6, 2020. **Anticipated End Date:** September 6, 2020.

G. **Description of Transition Plan.**

All activities will take place in response to the impact of COVID-19 as efficiently and effectively as possible based upon the complexity of the change.

H. **Geographic Areas Affected:**

These actions will apply across the waiver to all individuals impacted by the COVID-19 virus.

I. **Description of State Disaster Plan (if available) Reference to external documents is acceptable:**

N/A

Appendix K-2: Temporary or Emergency-Specific Amendment to Approved Waiver

Temporary or Emergency-Specific Amendment to Approved Waiver:

These are changes that, while directly related to the state's response to an emergency situation, require amendment to the approved waiver document. These changes are time limited and tied specifically to individuals impacted by the emergency. Permanent or long-ranging changes will need to be incorporated into the main appendices of the waiver, via an amendment request in the waiver management system (WMS) upon advice from CMS.

a. **Access and Eligibility:**

i. **Temporarily increase the cost limits for entry into the waiver.**

[Provide explanation of changes and specify the temporary cost limit.]

ii. **Temporarily modify additional targeting criteria.**

[Explanation of changes]

b. X **Services**

i. X Temporarily modify service scope or coverage.

[Complete Section A- Services to be Added/Modified During an Emergency.]

ii. X Temporarily exceed service limitations (including limits on sets of services as described in Appendix C-4) or requirements for amount, duration, and prior authorization to address health and welfare issues presented by the emergency.

[Explanation of changes]

The cap of 360 hours on use of back-up staff in Residential Habilitation – Shared Living and Residential Habilitation – Host home is waived for anyone affected to allow the participant to receive services in safe and accessible environments, as long as the participant’s needs are still being met.

The requirement for prior approval of the DHHS-DD clinical team for use of Medical In-Home is waived for anyone affected in order to receive services at home without delay for completion of clinical review.

The Respite cap of 360 hours may be exceeded for anyone under isolation, quarantine or following the CDC guidelines for people with disabilities to allow the participant to receive services in safe and accessible environments, as long as the participant’s needs are still being met.

The cap of 70 hours per week for Independent Living is waived for anyone under isolation, quarantine or following the CDC guidelines for people with disabilities to allow the participant to receive services in safe and accessible environments, as long as the participant’s needs are still being met.

The cap of 70 hours per week for Supported Family Living is waived for anyone under isolation, quarantine or following the CDC guidelines for people with disabilities to allow the participant to receive services in safe and accessible environments, as long as the participant’s needs are still being met

When the participant is placed in isolation, quarantine or following the CDC guidelines for people with disabilities, groups of 3 Shared Living participants will not need approval by the Department.

When the participant is placed in isolation, quarantine or following the CDC guidelines for people with disabilities, groups of 3 Supported Family Living participants will not need approval by the Department.

When the participant is placed in isolation, quarantine or following the CDC guidelines for people with disabilities, groups of 3 Independent Living participants will not need approval by the Department.

iii. ___ Temporarily add services to the waiver to address the emergency situation (for example, emergency counseling; heightened case management to address emergency needs; emergency medical supplies and equipment; individually directed goods and services; ancillary services to establish temporary residences for dislocated waiver enrollees; necessary technology; emergency evacuation transportation outside of the scope of non-emergency transportation or transportation already provided through the waiver).

[Complete Section A-Services to be Added/Modified During an Emergency]

iv. X Temporarily expand setting(s) where services may be provided (e.g. hotels, shelters, schools, churches). Note for respite services only, the state should indicate any facility-based settings and indicate whether room and board is included:

[Explanation of modification, and advisement if room and board is included in the respite rate]:

Habilitative Workshop and Adult Day Service may be delivered temporarily in the participant's residential setting, such as:

- The participant's private home,
- A provider owned or controlled extended family home or congregate residential setting, or
- Other residential setting, such as a hotel or shelter.

Residential Habilitation – Shared Living and Residential Habilitation – Host Home may be delivered temporarily in a congregate residential setting owned or leased by the provider agency.

Habilitative Community Inclusion may be delivered temporarily in a residential setting for the majority of the time billed for the service.

v. X Temporarily provide services in out of state settings (if not already permitted in the state's approved waiver). [Explanation of changes]

When the only temporary, safe, and accessible setting for a participant is outside of Nebraska, the participant may receive any waiver services in another state, until it is safe to return to his/her residence. Other than the location/setting requirements, the services provided in another state must still be provided in accordance with the waiver service definition.

DHHS-DD Service Coordination staff will monitor the services through a minimum of monthly contacts via telephone. Providers certified in the state of Nebraska would need to accompany the participants to the other state to provide services. The state will not allow providers in other states who are not enrolled in Nebraska Medicaid and certified as Nebraska DD service providers to provide services.

c. ___ Temporarily permit payment for services rendered by family caregivers or legally responsible individuals if not already permitted under the waiver. Indicate the services to which this will apply and the safeguards to ensure that individuals receive necessary services as authorized in the plan of care, and the procedures that are used to ensure that payments are made for services rendered.

d. X Temporarily modify provider qualifications (for example, expand provider pool, temporarily modify or suspend licensure and certification requirements).

i. X Temporarily modify provider qualifications.

[Provide explanation of changes, list each service affected, list the provider type, and the changes in provider qualifications.]

The State will modify the following requirements for independent provider enrollment:

- A certificate for completion of training in Abuse, Neglect, and Exploitation and state law reporting requirements and prevention must be obtained within 90 calendar days of initial enrollment;
- A certificate for completion of Cardiopulmonary Resuscitation (CPR) training must be obtained within 12 calendar months of initial enrollment; and
- A certificate for completion of Basic First Aid training must be completed within 12 calendar months of initial enrollment.

The annual program compliance requirements for agency and independent provider enrollment will be waived.

ii. X Temporarily modify provider types.

[Provide explanation of changes, list each service affected, and the changes in the provider type for each service].

The state will add a provider type of Independent Agency – Habilitative Services to Habilitative Community Inclusion and Supported Family Living.

iii. X Temporarily modify licensure or other requirements for settings where waiver services are furnished.

[Provide explanation of changes, description of facilities to be utilized and list each service provided in each facility utilized.]

Required staffing ratios for a participant, as outlined in their ISP, may be modified to allow the participant to receive services in safe and accessible environments, as long as the participant's needs are still being met.

State certification survey staff are, on a case-by-case basis, postponing agency certification reviews for those agencies impacted for residential and day service settings, such as Habilitative Workshops, Shared Living/Host homes, and congregate residential habilitation settings, until the public health emergency has passed. This is for the safety of the survey staff, as well as ensuring that state personnel are not spreading illness to anyone under isolation, quarantine, or those following the CDC guidelines for people with disabilities population or those remaining at home due to risk of serious illness. If a temporary service site is pulled for a certification review, as long as the site is deemed safe and sensible for the service being provided and there is no non-compliance with regulations that could reasonably be complied with, the site will be determined to be in compliance with certification requirements.

e. X Temporarily modify processes for level of care evaluations or re-evaluations (within regulatory requirements). [Describe]

The annual Level of Care (LOC) assessment requirement will be waived for participants in which the DHHS-DD Service Coordinator cannot complete the assessment by phone. The DHHS-DD Service Coordinator will document, in the ISP, the phone contact attempts, as well as the projected date in which the LOC will be able to be completed. The LOC assessment will not be extended more than 9 months from the original due date.

The minimum frequency of ninety days for the provision of one waiver service will be waived for participants who are quarantined or following the CDC guidelines for people with disabilities. Monthly monitoring by the Service Coordinator will still occur.

f. X Temporarily increase payment rates.

[Provide an explanation for the increase. List the provider types, rates by service, and specify whether this change is based on a rate development method that is different from the current approved waiver (and if different, specify and explain the rate development method). If the rate varies by provider, list the rate by service and by provider.]

The following rates may be increased to ensure sufficient providers are available to participants. The increase would account for excess overtime of direct support professionals to cover staffing needs and to account for additional infection control supplies and service costs: Residential Habilitation, Independent Living, Supported Family Living, Habilitative Community Inclusion, and Habilitative Workshop.

The rate setting methodology is the same. Upward adjustments would be made to the supply and staffing costs.

g. X Temporarily modify person-centered service plan development process and individual(s) responsible for person-centered service plan development, including qualifications.

[Describe any modifications including qualifications of individuals responsible for service plan development, and address Participant Safeguards. Also include strategies to ensure that services are received as authorized.]

During this time of isolation, quarantine or following the CDC guidelines for people with disabilities and participants remaining at home due to high risk of serious illness, alternative settings for Residential Habilitation, Habilitative Community Inclusion, Habilitative Workshop and Adult Day Service may be authorized prior to updating the participant's service plan. The DHHS-DD Service Coordinator will update the service plan within 60 days following the authorization.

The process for service plan development, including risk assessment and mitigation will remain the same as outlined in the approved waiver, with the exception of timelines. Service plan meetings may be delayed up to sixty days when the DHHS-DD Service Coordinator, the participant, guardian, and the participant's providers cannot meet due to isolation, quarantine or following the CDC guidelines for those with disabilities or remaining at home due to high risk of serious illness.

Should the development and implementation of the service plan be delayed, the current service plan will remain in effect.

The DHHS-DD Service Coordinator will document, in the ISP, the phone contact with the participant, guardian, and team to discuss the extension, as well as the projected date in which the service plan will be able to be completed.

The process to monitor services are delivered as specified in the service plan will continue as outlined in the approved waiver, with the exception of temporary service delivery outside of Nebraska. DHHS-DD Service Coordination staff will monitor the services through a minimum of monthly contacts via telephone.

h. ___ Temporarily modify incident reporting requirements, medication management or other participant safeguards to ensure individual health and welfare, and to account for emergency circumstances. [Explanation of changes]

i. X Temporarily allow for payment for services for the purpose of supporting waiver participants in an acute care hospital or short-term institutional stay when necessary supports (including communication and intensive personal care) are not available in that setting, or when the individual requires those services for communication and behavioral stabilization, and such services are not covered in such settings.

[Specify the services.]

For participants hospitalized, a provider may bill Medical In-Home Habilitation to assist with supports, supervision, communication, and any other supports that the hospital is unable to provide.

j. X Temporarily include retainer payments to address emergency related issues.

[Describe the circumstances under which such payments are authorized and applicable limits on their duration. Retainer payments are available for habilitation and personal care only.]

Retainer payments may be provided in circumstances in which Residential Habilitation, Independent Living, Supported Family Living, Adult Day, Enclave, Habilitative Community Inclusion, Habilitative Workshop, Prevocational, Supported Employment – Individual, and Supported Employment – Follow-Along services were not available to the participant due to COVID-19 containment efforts. Retainer payments will be authorized only for the amount of service authorized. The retainer time limit will not exceed 30 days within the timeframe identified in this Appendix when the participant is not with the provider. Providers will have 90 days from the date for which a retainer payment is being billed to submit a claim. Claims will be processed on a monthly billing cycle.

k. ___ Temporarily institute or expand opportunities for self-direction.

[Provide an overview and any expansion of self-direction opportunities including a list of services that may be self-directed and an overview of participant safeguards.]

l. ___ Increase Factor C.

[Explain the reason for the increase and list the current approved Factor C as well as the proposed revised Factor C]

m. ___ Other Changes Necessary [For example, any changes to billing processes, use of contracted entities or any other changes needed by the State to address imminent needs of individuals in the waiver program]. [Explanation of changes]

Appendix K Addendum: COVID-19 Pandemic Response

1. HCBS Regulations

- a. Not comply with the HCBS settings requirement at 42 CFR 441.301(c)(4)(vi)(D) that individuals are able to have visitors of their choosing at any time, for settings added after March 17, 2014, to minimize the spread of infection during the COVID-19 pandemic.

2. Services

- a. Add an electronic method of service delivery (e.g., telephonic) allowing services to continue to be provided remotely in the home setting for:
 - i. Case management

- ii. Personal care services that only require verbal cueing
- iii. In-home habilitation
- iv. Monthly monitoring (i.e., in order to meet the reasonable indication of need for services requirement in 1915(c) waivers).
- v. Other *[Describe]*:

- b. Add home-delivered meals
- c. Add medical supplies, equipment and appliances (over and above that which is in the state plan)
- d. Add Assistive Technology

3. Conflict of Interest: The state is responding to the COVID-19 pandemic personnel crisis by authorizing case management entities to provide direct services. Therefore, the case management entity qualifies under 42 CFR 441.301(c)(1)(vi) as the only willing and qualified entity.

- a. Current safeguards authorized in the approved waiver will apply to these entities.
- b. Additional safeguards listed below will apply to these entities.

4. Provider Qualifications

- a. Allow spouses and parents of minor children to provide personal care services
- b. Allow a family member to be paid to render services to an individual.
- c. Allow other practitioners in lieu of approved providers within the waiver. *[Indicate the providers and their qualifications]*

- d. Modify service providers for home-delivered meals to allow for additional providers, including non-traditional providers.

5. Processes

- a. Allow an extension for reassessments and reevaluations for up to one year past the due date.
- b. Allow the option to conduct evaluations, assessments, and person-centered service planning meetings virtually/remotely in lieu of face-to-face meetings.
- c. Adjust prior approval/authorization elements approved in waiver.
- d. Adjust assessment requirements
- e. Add an electronic method of signing off on required documents such as the person-centered service plan.

Contact Person(s)

A. The Medicaid agency representative with whom CMS should communicate regarding the request:

First Name:	Tony
Last Name	Green
Title:	Interim Director, Division of Developmental Disabilities
Agency:	Nebraska Department of Health and Human Services
Address 1:	P.O. Box 98947
Address 2:	301 Centennial Mall South
City	Lincoln
State	NE
Zip Code	68509-8947
Telephone:	402-471-6038
E-mail	Tony.Green@nebraska.gov
Fax Number	402-471-8792

B. If applicable, the State operating agency representative with whom CMS should communicate regarding the waiver is:

Section A---Services to be Added/Modified During an Emergency

Complete for each service added during a time of emergency. For services in the approved waiver that the state is temporarily modifying, enter the entire service definition and highlight the change. State laws, regulations and policies referenced in the specification should be readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Service Specification	
Service Title:	Residential Habilitation
<i>Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one:</i>	
Service Definition (Scope):	
<p>Residential Habilitation is a habilitative service with three service delivery options: Continuous Home, Host Home, or Shared Living. Participants may only choose one option.</p> <p>Continuous Home is delivered in a provider owned, leased, or operated residential setting and provided by agency provider shift staff. Continuous Home consists of individually tailored continuous supports that assist with the acquisition, retention, or improvement in skills not yet mastered that will lead to more independence for the participant to reside in the most integrated setting appropriate to his/her needs.</p> <p>Host Home is delivered in a private home owned or leased by an employee of the provider agency authorized to provide the service. Host home facilitates the inclusion of the participant into the daily life and community of the Host Home employee through the sharing of a home and creation of natural opportunities for participation in community life through social connectedness.</p> <p>Shared Living is delivered in a private home owned or leased by an independent contractor of the provider agency and authorized to deliver direct services and supports. Shared Living facilitates the inclusion of the participant into the daily life and community of the Shared Living provider through the sharing of a home and creation of natural opportunities for participation in community life through social connectedness.</p> <p>All Residential Habilitation options include adaptive skill development of daily living activities, such as personal grooming and cleanliness, laundry, bed making and household chores, eating and the preparation of food, inclusive community activities, transportation, and the social and leisure skill development necessary to enable the participant to live in the most integrated setting appropriate to his/her needs. This service also includes the provision of personal care, health maintenance activities, supervision and protective oversight.</p> <p>Individual programs must be specific and measureable and updated when not yielding progress, and data must be tracked and analyzed for trends. Monthly summary reports on progress or lack of progress must be made available upon request.</p> <p>Residential Habilitation may not be self-directed.</p>	
Specify applicable (if any) limits on the amount, frequency, or duration of this service:	
<ul style="list-style-type: none"> Residential Habilitation is provided in a residential setting, and must meet all federal standards for home and community-based settings. A DD agency provider cannot own or lease the home in which Host Home or Shared Living is provided. Continuous Home may be provided to no more than 3 participants in the residence at the same time, unless the residence is licensed as a Center for the Developmentally Disabled. When the participant is placed in isolation, quarantine or following the CDC guidelines for people with disabilities, groups of 3 will be allowed by the Department. 	

Service Specification

- Host Home and Shared Living may be provided to 1 or 2 participants, based on the participants' assessed needs. Groups of 3 must be approved by the Department. **When the participant is placed in isolation, quarantine or following the CDC guidelines for people with disabilities, groups of 3 will not need approval by the Department.**
- Residential Habilitation is reimbursed at a partial-day or daily rate. The provider must be in the residence with the participant, providing a combination of habilitation, supports, protective oversight, and supervision for a minimum of 10 hours in a 24 hour period 12:00am - 11:59pm for the provider to bill a daily rate. When the provider is in the residence with the participant, providing a combination of habilitation, supports, protective oversight, and supervision for any amount of time less than 10 hours in a 24 hour period 12:00am - 11:59pm, the provider must bill the partial-day rate.
- Participants receiving Residential Habilitation daily rate cannot receive Independent Living or Supported Family Living on the same day.
- Participants receiving Residential Habilitation daily rate cannot receive Adult Companion or In-Home Residential services, which sunset ninety days following the approval of this amendment.
- Participants receiving Residential Habilitation cannot have an active service authorization for Respite. Respite is not available to participants residing in a Continuous Home, Host Home, or Shared Living setting.
- Transportation required in the provision of Residential Habilitation is included in the rate. Non-medical transportation to the site at which Residential Habilitation begins is included in the rate. Non-medical transportation from the site at which Residential Habilitation ends is included in the rate.
- During awake hours, the Host Home employee or Shared Living independent contractor must provide supervision as indicated by assessed needs and as documented in the participant's service plan. Overnight, the Host Home employee or Shared Living independent contractor may be asleep, but must be present and available to respond immediately to the individuals' needs and emergencies.
- The regular rate may be billed for Host Home or Shared Living even when, during a portion of the time being billed, the service is provided by back-up staff in place of the DD agency provider Host Home employee or Shared Living independent contractor. Reimbursement for the time provided by the back-up staff will be negotiated between the DD agency provider or Shared Living independent contractor and paid out of the billed rate.
- Back-up staff must be chosen by the participant, documented in participant's service plan, and must meet all provider qualifications.
- The amount of back-up staff hours is limited to not more than 360 hours per annual budget year. **The cap of 360 hours on use of back-up staff in Residential Habilitation – Shared Living and Residential Habilitation – Host home is waived for anyone affected to allow for provision of needed services.** The 360 hours were determined based on historical and actual data of participants receiving respite living with unpaid caregivers in their family homes, and the limitation of hours has historically addressed the health and welfare of waiver participants. If a participant's needs cannot be met within the established number of hours, the participant's team will meet to determine what alternatives may be available, such as another type of residential setting. If alternatives are unavailable, additional developmental disabilities funding could be requested through the established exception process. The provider is responsible for tracking the use of the 360 hours and will document the utilization of hours in the state mandated electronic case management system. **When the participant is placed in quarantine or following the CDC guidelines for people with disabilities, the amount of prior authorized services, including the 360 hours of back-up staff, does not need to be in the participant's approved annual budget. Additionally, the use of subcontractors is allowed for those in quarantine, self-isolation or following the CDC guidelines for those with disabilities.**
- A lease, residency agreement or other form of written agreement will be in place for each participant receiving a Residential Habilitation service. The participant has, at a minimum, the same responsibilities and protections from eviction that tenants have under the landlord/tenant laws of the state, county, city, or other designated entity.
- Medicaid payment may not be made for the cost of room and board, including the cost of building maintenance, upkeep and improvement.
- The amount of prior authorized services is based on the participant's need as documented in the service plan, and within the participant's approved annual budget.

Service Specification

- The rate tiers for this service are determined based upon needs identified in the Objective Assessment Process.
- Residential Habilitation may be provided by a relative but not a legally responsible individual or guardian of the participant.
- This service shall exclude any services available through public education programs funded under the Individuals with Disabilities Education Act (IDEA). This includes services not otherwise available through public education programs in the participant’s local school district, including after school supervision and daytime services when school is not in session (i.e. summer breaks and/or scheduled school holidays, in-service days, etc.). Services cannot be provided during the school hours set by the local school district for the participant. Regular school hours and days apply for a child who receives home schooling. **When the participant is a student under the age of 22, and isolated, quarantined or following the CDC guidelines for people with disabilities, DD services may be provided during the school hours set by the local school district.**
- The services under this Waiver are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

Provider Specifications

---	--------------------------	---	-------------------------------------	------------------

Service Specification

Service Title:	Respite
<i>Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one:</i>	
Service Definition (Scope):	
Respite is a non-habilitative service that is provided to participants unable to care for themselves and is furnished on a short-term, temporary basis for relief to the usual unpaid caregiver(s) living in the same private residence as the participant. Respite includes assistance with activities of daily living (ADL), health maintenance, and supervision.	

Service Specification

Respite may be provided in the caregiver’s home, the provider’s home, or in community settings.

Respite may be self-directed.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

- The amount of prior authorized services is based on the participant’s need as documented in the service plan, and must be within the participant’s approved annual budget. **When the participant is placed in isolation, quarantine or following the CDC guidelines for people with disabilities, the amount of prior authorized services does not need to be in the participant’s approved annual budget.**
- Respite provided in an institutional setting requires prior approval by the Department and is not authorized unless no other option is available. Respite in an institutional setting shall be paid at a per diem daily rate.
- Respite, other than in an institutional setting, is reimbursed at an hourly unit or daily rate. Any use of respite over 8 hours within a 24-hour period must be billed as a daily rate; use of respite under 8 hours must be billed in hourly units.
- A participant is limited to not more than 360 hours per annual budget year. Respite provided at the daily rate counts as 8 hours towards the 360 hour annual maximum. Unused Respite cannot be carried over into the next annual budget year. The 360 hours were determined based on historical and actual data and the limitation of hours has historically addressed the health and welfare of waiver participants. If a participant’s needs cannot be met within the established number of hours, the participant’s team will meet to determine what alternatives may be available, such as another type of residential setting. If alternatives are unavailable, additional developmental disabilities funding could be requested through the established exception process. **The Respite cap of 360 hours may be exceeded for anyone placed in isolation, quarantine or following the CDC guidelines for people with disabilities.**
- Federal financial participation is not to be claimed for the cost of room and board except when provided as a part of respite care furnished in a facility approved by DHHS-DD that is not a private residence.
- Transportation during the provision of Respite is included in the rate. Non-medical transportation to the site at which Respite begins is not included in the rate. Non-medical transportation from the site at which Respite ends is not included in the rate. Respite may not be provided simultaneously with other HCBS waiver services.
- Participants receiving Respite cannot have an active service authorization for Residential Habilitation.
- Respite must not be provided by any independent provider that lives in the same private residence as the participant, or is a legally responsible individual or guardian of the participant.
- A Respite provider or provider staff shall not provide respite to adults (18 years and older) and children at the same time and location, unless approved by DHHS-DD.
- This service shall not overlap with, supplant, or duplicate other comparable services provided through the Medicaid State Plan or HCBS Waiver service.

Service Specification			
Service Title:	Adult Day Services		
<i>Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one:</i>			
Service Definition (Scope):			
Adult Day is a non-habilitative service consisting of meaningful day activities which takes place in the community, in a non-residential setting. Adult Day provides active supports which foster independence, encompassing both health and social services needed to ensure the optimal functioning of the participant. Adult Day includes assistance with activities of daily living (ADL), health maintenance, and supervision. Participants receiving Adult Day Services are integrated into the community to the greatest extent possible.			

Service Specification

Adult Day is for participants who need the service and support in a safe, supervised setting. Adult Day does not require training goals and strategies of habilitation services. Adult Day does not offer as many opportunities for getting participants engaged in their community or participating in community events mainly due to compromised health issues and significant limitations of participants. Providers are not allowed to engage participant in work or volunteer activities.

When the participant is placed in quarantine or following the CDC guidelines for people with disabilities, Adult Day services may be delivered temporarily in the participant’s residential setting, such as his/her private home, a provider owned or controlled extended family home or congregate residential setting, or another residential setting, such as a hotel or shelter.

The Adult Day provider must be within immediate proximity of the participant to allow staff to provide support and supervision, safety and security, and provide activities to keep the participant engaged in their environment.

Adult Day may not be self-directed.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

- Adult Day is available for participants who are 21 years and older.
- This service may be authorized in combination with any, or all, of the following services in the same service plan, but not during the same time period: Behavioral In-Home Habilitation, Enclave, Habilitative Community Inclusion, Habilitative Workshop, Medical In-Home Habilitation, Prevocational, and/or Supported Employment (Individual and Follow-Along). The total combined hours for these services may not exceed a weekly amount of 35 hours. A week is defined as 12:00 AM Monday through 11:59 PM Sunday.
- The amount of prior authorized services is based on the participant’s need as documented in the service plan, and within the participant’s approved annual budget. When the participant is placed in isolation, quarantine or following the CDC guidelines for people with disabilities, the amount of prior authorized services does not need to be in the participant’s approved annual budget.
- Adult Day is reimbursed at an hourly unit.
- Transportation required in the provision of Adult Day is included in the rate. Non-medical transportation to the site at which Adult Day begins is not included in the rate. Non-medical transportation from the site at which Adult Day ends is not included in the rate.
- Adult Day cannot be provided in a residential setting.
- This service shall not overlap with, supplant, or duplicate other comparable services provided through Medicaid State plan or HCBS Waiver services.

Service Title:	Habilitative Community Inclusion
-----------------------	---

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one:

Service Definition (Scope):

Habilitative Community Inclusion is a habilitative service that offers teaching and supports for the acquisition, retention, or improvement in self-help, and behavioral, socialization, and adaptive skills which primarily take place in the community in a non-residential setting, separate from the participant’s private residence or any setting outlined and approved in the participant’s service plan. The majority of habilitation provided in a 35-hour week must occur in community integrated activities away from the participant’s residential setting to work toward an increased presence in one’s community. **When the participant is placed in isolation, quarantine or following the CDC guidelines for people with disabilities, the majority of habilitation service in a 35-hour week is not required to occur in community integrated activities and can occur in the participant’s residential setting to prevent the spread of the virus.**

Habilitative activities are designed to foster greater independence, community networking, and personal choice. Making connections with community members is a strong component of this service. Participants may not perform paid work activities or unpaid work activities in which others are typically paid, but may perform hobbies in which minimal money is received or volunteer activities.

Habilitative Community Inclusion provides an opportunity for the participant to practice skills taught in therapies, counseling sessions, or other settings to plan and participate in regularly scheduled community activities. Services also include the provision of supplementary staffing necessary to meet the child’s exceptional care needs in a day care setting.

Habilitative Community Inclusion includes habilitation in the use of the community’s transportation system as well as building and maintaining interpersonal relationships. Habilitative Community Inclusion may include facilitation of inclusion of the participant within a community group or volunteer organization; opportunities for the participant to join formal/informal associations and community groups; opportunities for inclusion in a broad range of community settings including opportunities to pursue social and cultural interests, and choice making. Habilitative Community Inclusion includes assistance with activities of daily living (ADL), health maintenance, supervision, and protective oversight.

Individual programs must be specific and measurable and updated when not yielding progress, and data must be tracked and analyzed for trends. Monthly summary reports on progress or lack of progress must be made available upon request.

Habilitative Community Inclusion may be self-directed.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

- This service may be authorized in combination with any, or all, of the following services in the same service plan, but not during the same time period: Adult Day, Behavioral In-Home Habilitation, Enclave, Habilitative Workshop, Medical In-Home Habilitation, Prevocational, and/or Supported Employment (Individual and

Service Specification

Follow-Along). The total combined hours for these services may not exceed a weekly amount of 35 hours. A week is defined as 12:00 AM Monday through 11:59 PM Sunday.

- The rate for this service does not include the basic cost of childcare unrelated to a child’s disability. The “basic cost of child care” means the rate charged by and paid to a childcare center or individual provider for children who do not have special needs.
- The amount of prior authorized services is based on the participant’s need as documented in the service plan, and within the participant’s approved annual budget. **When the participant is placed in isolation, quarantine or following the CDC guidelines for people with disabilities, the amount of prior authorized services does not need to be in the participant’s approved annual budget.**
- Habilitative Community Inclusion is reimbursed at an hourly or daily unit. Any use of Habilitative Community Inclusion at or above 7 hours within a 24 hour period 12:00am - 11:59pm must be billed at a daily rate. Use of Habilitative Community Inclusion under 7 hours must be billed in hourly units.
- The rate tier for this service is determined based upon needs identified in the Objective Assessment Process.
- Transportation required in the provision of Habilitative Community Inclusion is included in the rate. Non-medical transportation to the site at which Habilitative Community Inclusion begins is not included in the rate. Non-medical transportation from the site at which Habilitative Community Inclusion ends is not included in the rate.
- This service shall exclude any services available through public education programs funded under the Individuals with Disabilities Education Act (IDEA). This includes services not otherwise available through public education programs in the participant’s local school district, including after school supervision and daytime services when school is not in session (i.e., summer breaks and/or scheduled school holidays, in-service days, etc.). Services cannot be provided during the school hours set by the local school district for the participant. Regular school hours and days apply for a child who receives home schooling. **When the participant is a student under the age of 22, and isolated, quarantined or following the CDC guidelines for people with disabilities, or the school closes, DD services may be provided during the school hours set by the local school district.**
- Habilitative Community Inclusion Services may be provided by a relative but not a legally responsible individual or guardian of the participant.
- This service shall not overlap with, supplant, or duplicate other comparable services provided through Medicaid State plan or HCBS Waiver service.

Service Title:

Habilitative Workshop

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one:

Service Definition (Scope):

Habilitative Workshop services are habilitative services that offer a provision of regularly scheduled activities in a provider owned or controlled non-residential setting. When the participant is placed in quarantine or following the CDC guidelines for people with disabilities, Habilitative Workshop services may be delivered temporarily in the participant's residential setting, such as his/her private home, a provider owned or controlled extended family home or congregate residential setting, or another residential setting, such as a hotel or shelter. Habilitative Workshop provides regularly scheduled activities, formalized training, and staff supports for the acquisition, retention, or improvement in self-help, behavioral skills, and adaptive skills that enhance social development. Habilitative Workshop activities assist in developing skills in performing activities of daily living, and community living. Activities and environments are designed to foster the acquisition of skills, building positive social behavior and interpersonal competence, greater independence and personal choice. This service is provided to participants that do not have a specific employment goal, and are therefore not currently seeking to join the general work force.

Habilitative Workshop focuses on enabling the participant to attain or maintain his or her maximum functional level and must be coordinated with, but may not supplant, any physical, occupational, or speech therapies listed in the service plan. In addition, the services and supports may reinforce but not replace skills taught in therapy, counseling sessions, or other settings. This service also includes the provision of personal care, health maintenance activities, supervision and protective oversight.

Individual programs must be specific and measureable and updated when not yielding progress, and data must be tracked and analyzed for trends. Monthly summary reports on progress or lack of progress must be made available upon request.

Habilitative Workshop may not be self-directed.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

- This service may be authorized in combination with any, or all, of the following services in the same service plan, but not during the same time period: Adult Day, Behavioral In-Home Habilitation, Enclave, Habilitative Community Inclusion, Medical In-Home Habilitation, Prevocational, and/or Supported Employment (Individual and Follow-Along). The total combined hours for these services may not exceed a weekly amount of 35 hours. A week is defined as 12:00 AM Monday through 11:59 PM Sunday.
- The amount of prior authorized services is based on the participant's need as documented in the service plan, and within the participant's approved annual budget. When the participant is placed in quarantine or following the CDC guidelines for people with disabilities, the amount of prior authorized services does not need to be within the participant's approved annual budget.

Service Specification

- Habilitative Workshop is reimbursed at an hourly unit or daily rate. The Habilitative Workshop provider must be in the workshop or community setting, providing a combination of habilitation, supports, protective oversight, and supervision for a minimum of 7 hours in a 24 hour period 12:00am - 11:59pm for the provider to bill a daily rate. When the provider is in the workshop or community setting, providing a combination of habilitation, supports, protective oversight, and supervision for less than 7 hours in a 24 hour period 12:00am - 11:59pm, the provider must bill in hourly units.
- The rate tier for this service is determined based upon needs identified in the Objective Assessment Process.
- Transportation required in the provision of Habilitative Workshop is included in the rate. Non-medical transportation to the site at which Habilitative Workshop begins is not included in the rate. Non-medical transportation from the site at which Habilitative Workshop ends is not included in the rate.
- This service shall exclude any services available through public education programs funded under the Individuals with Disabilities Education Act (IDEA). This includes services not otherwise available through public education programs in the participant’s local school district, including after school supervision and daytime services when school is not in session (i.e., summer breaks and/or scheduled school holidays, in-service days, etc.). Service Specification

Service Title:	Independent Living
-----------------------	---------------------------

Service Specification

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one:

Service Definition (Scope):

Independent Living is provided in the participant's private home and the community, not in a provider owned, leased, or operated setting. The participant lives alone or with house mates and is responsible for rent, utilities, and food.

Independent Living is a habilitative service that provides individually-tailored intermittent supports for a waiver participant that assists with the acquisition, retention, or improvement in skills related to living in the community. Independent Living includes adaptive skill development of daily living activities, such as personal grooming and cleanliness, laundry, bed making and household chores, eating and the preparation of food, inclusive community activities, transportation, and the social and leisure skill development necessary to enable the participant to live in the most integrated setting appropriate to his/her needs. Providers of Independent Living generally do not perform these activities for the participant, except when not performing the activities poses a risk to the participant's health and safety.

Individual programs must be specific and measurable and updated when not yielding progress, and data must be tracked and analyzed for trends. Monthly summary reports on progress or lack of progress must be made available upon request.

Independent Living may be self-directed.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

- Independent Living is available for participants who are 19 years and older.
- Independent Living is provided in the participant's private home, not a provider operated or controlled residence.
- Independent Living may be provided to 1 or 2 participants, based on the participants' assessed needs. Groups of 3 must be approved by the Department. When the participant is placed in isolation, quarantine or following the CDC guidelines for people with disabilities, groups of 3 will not need approval by the Department.
- The amount of prior authorized services is based on the participant's need as documented in the service plan, and within the participant's approved annual budget. When the participant is placed in isolation, quarantine or following the CDC guidelines for people with disabilities, the amount of prior authorized services does not need to be in the participant's approved annual budget. Additionally, the use of sub-contractors is allowed for agencies providing services to participants in isolation, quarantine or following the CDC guidelines for people with disabilities.
- Independent Living is provided to an awake participant who requires less than 24 hours of support a day.
- Independent Living is reimbursed at an hourly rate. Independent Living cannot exceed a weekly amount of 70 hours. A week is defined as 12:00 AM Monday through 11:59 PM Sunday. When the participant is in isolation, quarantined or following the CDC guidelines for people with disabilities, the weekly cap of 70 hours will not apply.
- The rate structure for this service is determined based on the group size. Group sizes of 1, 2, or 3 are based on the participant's assessed needs.
- Participants receiving Independent Living cannot receive Continuous Residential Habilitation, Host Home, Shared Living, or Supported Family Living.
- Participants receiving Independent Living cannot have an active service authorization for Respite.
- Transportation required in the provision of Independent Living is included in the rate. Non-medical transportation to the site at which Independent Living begins is not included in the rate. Non-medical transportation from the site at which Independent Living ends is not included in the rate.
- Independent Living may be provided by a relative but not a legally responsible individual or guardian of the participant.

Service Specification

- This service shall exclude any services available through public education programs funded under the Individuals with Disabilities Education Act (IDEA). This includes services not otherwise available through public education programs in the participant’s local school district, including after school supervision and daytime services when school is not in session (i.e. summer breaks and/or scheduled school holidays, in-service days, etc.). Services cannot be provided during the school hours set by the local school district for the participant. Regular school hours and days apply for a child who receives home schooling. **When the participant is a student under the age of 22, and in isolation, quarantined or following the CDC guidelines for people with disabilities, or the school closes, DD services may be provided during the school hours set by the local school district.**
- This service shall not overlap with, supplant, or duplicate other comparable services provided through Medicaid State Plan or HCBS Waiver services.

Service Specification

Service Title: **Medical In-Home Habilitation**

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one:

Service Definition (Scope):

Medical In-Home Habilitation is a short-term habilitative service provided to waiver participants who have a chronic or severe medical condition that prevents them from fully participating in community activities or employment opportunities, or have recently been hospitalized and are continuing to recover in their residence, and their medical needs prevent them from participating in community activities or employment opportunities. Medical In-Home Habilitation is provided to participants who are unable to remain alone during the hours that they would otherwise be away from their residence.

Services are based on the current needs and capabilities of the participant, and based on discharge orders and ongoing oversight by a Registered Nurse or higher medical degree employed by the DD provider. Medical In-Home Habilitation includes adaptive skill development or refining of daily living activities, such as personal grooming and cleanliness, laundry, bed making and household chores, and eating and the preparation of food. This service also includes the provision of personal care, health maintenance activities, supervision, and protective oversight.

Individual programs must be specific and measurable and updated when not yielding progress, and data must be tracked and analyzed for trends. Monthly summary reports on progress or lack of progress must be made available upon request.

Medical In-Home Habilitation may not be self-directed.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

- Medical In-Home Habilitation must be provided in the participant's residence. The provider must be providing service in the residence with the participant.
- The amount of prior authorized services is based on the participant's need as periodically assessed by the state clinical team, and documented in the service plan, and within the participant's approved annual budget. **When the participant is placed in isolation, quarantine or following the CDC guidelines for people with disabilities, the amount of prior authorized services does not need to be in the participant's approved annual budget. The requirement of prior clinical team approval of this service is temporarily waived. Medical In-Home Habilitation is approved for use in hospital settings.**
- This service may be authorized in combination with any, or all, of the following services in the same service plan, but not during the same time period: Adult Day, Behavioral In-Home Habilitation, Enclave, Habilitative Community Inclusion, Habilitative Workshop, Prevocational, and/or Supported Employment (Individual and Follow-Along). The total combined hours for these services may not exceed a weekly amount of 35 hours. A week is defined as 12:00 AM Monday through 11:59 PM Sunday.
- Medical In-Home Habilitation is reimbursed at an hourly unit.
- This service shall exclude any services available through public education programs funded under the Individuals with Disabilities Education Act (IDEA). This includes services not otherwise available through public education programs in the participant's local school district, including after school supervision and daytime services when school is not in session (i.e. summer breaks and/or scheduled school holidays, in-service days, etc.). Services cannot be provided during the school hours set by the local school district for the participant. Regular school hours and days apply for a child who receives home schooling. **When the participant is a student under the age of 22, and in isolation, quarantined or following the CDC guidelines for people with disabilities, or the school closes, DD services may be provided during the school hours set by the local school district.**

Service Specification

- This service shall not overlap with, supplant, or duplicate other comparable services provided through the waiver, Medicaid State Plan services, or HCBS waiver service.
- The services under the Comprehensive Developmental Disabilities Services waiver are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

Service Specification

Service Title:	Supported Family Living
<i>Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one:</i>	
Service Definition (Scope):	
<p>Supported Family Living is provided to the participant in the participant’s private family home and the community, not in a provider owned, leased, or operated setting. The participant lives with relatives in their private family home.</p> <p>Supported Family Living is a habilitative service that provides individually-tailored intermittent supports for a waiver participant that assists with the acquisition, retention, or improvement in skills related to living in the community. Supported Family Living includes adaptive skill development of daily living activities, such as personal grooming and cleanliness, laundry, bed making and household chores, eating and the preparation of food, inclusive community activities, transportation, and the social and leisure skill development necessary to enable the participant to live in the most integrated setting appropriate to his/her needs. Providers of Supported Family Living generally do not perform these activities for the participant, except when not performing the activities poses a risk to the participant’s health and safety.</p> <p>Individual programs must be specific and measurable and updated when not yielding progress, and data must be tracked and analyzed for trends. Monthly summary reports on progress or lack of progress must be made available upon request.</p> <p>Supported Family Living may be self-directed.</p>	

Service Specification

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

- Supported Family Living is provided in the participant’s private family home, not a provider operated or controlled residence.
- Supported Family Living may be provided to 1 or 2 participants, based on the participants’ assessed needs. Groups of 3 must be approved by the Department. **When the participant is placed in isolation, quarantine or following the CDC guidelines for people with disabilities, groups of 3 will not need approval.**
- The amount of prior authorized services is based on the participant’s need as documented in the service plan, and within the participant’s approved annual budget. **When the participant is placed in quarantine or following the CDC guidelines for people with disabilities, the amount of prior authorized services does not need to be in the participant’s approved annual budget. Additionally, the use of sub-contractors is allowed for agencies providing services to participants in quarantine or following the CDC guidelines for people with disabilities.**
- Supported Family Living is provided to an awake participant who requires less than 24 hours of support a day.
- Supported Family Living is reimbursed at an hourly rate. Supported Family Living cannot exceed a weekly amount of 70 hours. A week is defined as 12:00 AM Monday through 11:59 PM Sunday. **When the participant is in isolation, quarantined or following the CDC guidelines for people with disabilities, the weekly cap of 70 hours will not apply.**
- The rate structure for this service is determined based on the group size. Group sizes of 1, 2, or 3 are based on the participant’s assessed needs.
- Participants receiving Supported Family Living cannot receive Independent Living.
- Participants receiving Supported Family Living cannot receive Continuous Residential Habilitation daily rate, Host Home daily rate, or Shared Living daily rate on the same day.
- Transportation required in the provision of Supported Family Living is included in the rate. Non-medical transportation to the site at which Supported Family Living begins is not included in the rate. Non-medical transportation from the site at which Supported Family Living ends is not included in the rate.
- Supported Family Living may be provided by a relative but not a legally responsible individual or guardian of the participant.
- This service shall exclude any services available through public education programs funded under the Individuals with Disabilities Education Act (IDEA). This includes services not otherwise available through public education programs in the participant’s local school district, including after school supervision and daytime services when school is not in session (i.e. summer breaks and/or scheduled school holidays, in-service days, etc.). Services cannot be provided during the school hours set by the local school district for the participant. Regular school hours and days apply for a child who receives home schooling. **When the participant is a student under the age of 22, and in isolation, quarantined or following the CDC guidelines for people with disabilities, or the school closes, DD services may be provided during the school hours set by the local school district.**
- This service shall not overlap with, supplant, or duplicate other comparable services provided through the Medicaid State Plan or HCBS Waiver services.

ⁱ Numerous changes that the state may want to make may necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; or (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.
