*Faith, spirituality and justice  
for the common good*

**28 – 30 OCTOBER 2016  
NEWCASTLE, AUSTRALIA**

Set in the beautiful and edgy steel and coal town turned activism hub of Newcastle, **Inspiracy** brings together local, national and international speakers, theologians, activists, musicians and artists to inspire participants to join the conspiracy.

Over the weekend participants will have the opportunity to visit four Uniting Church communities of faith, in three inner city locations, who are leading successful community development, faith, justice and arts programs.

Hear from Sydney based activist and theologian Margaret Mayman, Filipino artist Emmanuel Garibay, global poverty and theology educator Matt Anslow, community development academic and co-founder of *The Commons* Miriam Williams, and many more.
