

TOWARDS A SUSTAINABLE CANBERRA

In the midst of the climate emergency we now face, what sort of city does Canberra need to become? How can we live more sustainably as part of Planet Earth? This symposium will explore the possibilities of what a sustainable Canberra could look like and how we might get there.

Wednesday, 2nd October 7PM

Canberra City Uniting Church,

cnr of Northbourne Ave and Rudd Street (entrance via the plaza)

Featuring:

Professor Mark Howden: Chair of the Climate Change Institute, ANU

Shane Rattenbury, MLA. ACT Minister for Climate Change & Sustainability

Includes a Q&A session and light supper
