02:03:53 3S - mount @ SFJAZZ [he, him]: Great synthesis, Rodrigo!

02:04:07 cathie lam: comment to group 5 - we need to be mindful
to engage the community, I mean common folks from the community. We
need more free programs for common folks to enjoy, to participate, and
interact with the artists, so that the art community may not be just
speaking among themselves, as we know the importance of "interaction"
between people, in this case, common folks and the artists.
