

# DID YOU KNOW?

THAT'S ENOUGH

TO PAY FOR:

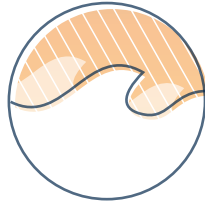

An extra  
**4,680**  
registered nurses in  
public hospitals.

**4,936**  
new teachers in  
our schools

The  
entire Nepean  
Hospital upgrade  
including a new  
emergency  
department

A major  
revitalisation  
of CBD public  
transport service  
delivery

# WHAT MAKES SYDNEY?

It's our Harbour, our sun-kissed beaches and that childhood rite of passage of running through the backyard sprinkler with your siblings.

So much of our city's identity is drenched in water - it's not Sydney without Sydney Water.

We shouldn't put at risk the things that

make our city great, and making our harbour, beaches and drinking water a source of profit does just that.

Support the campaign to keep our water safe, clean and protected because **it's not Sydney without Sydney Water.**
