Financial Documentation

In order for AUJS to process a means-tested subsidy application, documentation must be supplied to verify the income figures submitted in the AUJS application form. Please review the following to ensure that you are submitting correct documentation. Most importantly, submissions must refer to either Total Income or Gross Income. AUJS will not process any income document that refers to taxable income. Typically, the easiest way to prove personal income is by submitting a full individual tax return.

PLEASE NOTE: Group Certificates are NOT able to be used to prove gross income. "Notice of Assessments" are NOT accepted by AUJS as they refer to taxable income. Even if your taxable income is the same as your gross income, this form will not be processed. If you are declaring Centrelink or other benefits, please submit a recent statement to verify your fortnightly payment amount.

Please return this form completed to:
