

CLIMATE ELECTION SURVEY 3.2 (PAPER)

This survey is available on your mobile phone at www.acf.org.au/survey The digital survey powers our campaign with instant data capture, so please use it if you can!

HELLO My name is _____. I'm volunteering with the Australian Conservation Foundation to survey your opinions on climate change and the upcoming election. **Can I ask you a few quick questions?**

PRIORITISING CLIMATE How are likely to you prioritise climate change as your **NUMBER ONE** issue when you vote? On a scale of zero to 10, where zero is not at all likely, and 10 is very likely, where are you?

0	1	2	3	4	5	6	7	8	9	10
NOT LIKELY			← UNSURE →				VERY LIKELY			

I CARE BECAUSE I care about stopping climate damage because...

(eg. people you love, beautiful planet, reefs, rivers & water, your experiences....)

How do you feel about this? Listen, reflect...

- This is a people-powered campaign.
- I'm one of **thousands of volunteers** out talking to people to make this **the climate election**.
- Most people we talk to think governments are **acting too slow**.
- The people who want to represent you in this electorate are **feeling pressure**.

SHOW THE PARTY TRACK RECORD

- The Australian Conservation Foundation has done an **independent analysis on the parties' track record** on climate action so far.
- There is **lots of spin** from the parties.
- Working together, we can **hold them accountable**.
- We don't tell people who to vote for.
- We will **push all parties to improve** their policies.
- We will release a **new policy scorecard** just before the election.
- **Do you have any questions?**

VOTE CHOICE If a federal election were held today, which party would receive your first preference vote?

Do you mind if I make a note of that?

BE A CLIMATE VOTER Will you sign the petition say you are a climate voter?

By signing this, you are telling the parties:

- Stop Adani's polluting mine
- End digging and burning coal
- Switch to 100% clean energy

Yard sign? YES

Volunteer or join local group?

YES

We'll tally up the numbers in this electorate and tell parties & candidates just how many climate voters there are.

THANK YOU FOR TALKING TO US TODAY !
