## OUR INDEPENDENT GUIDE TO VOTING FOR THE ENVIRONMENT THIS ELECTION

How do the parties score on:

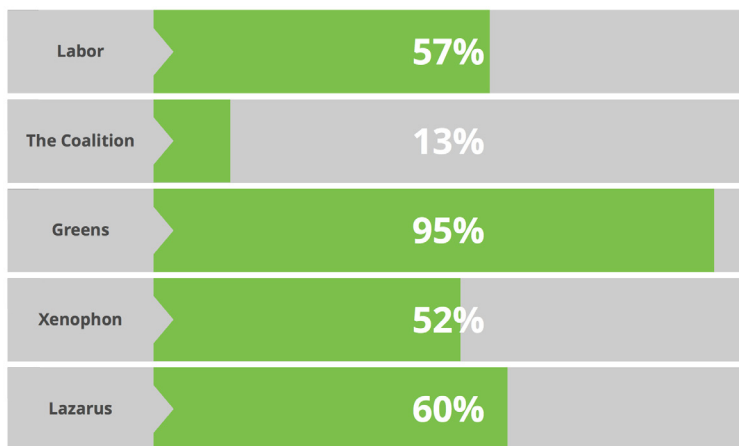

**Clean energy**

**Cutting pollution**

**Protecting our reefs,  
forests and wildlife**

This election, we, the people, will  
make a choice that will define our  
future for generations.

Will we elect politicians who only listen to the big polluters who  
are destroying our reefs? Or will we choose a world powered by  
clean energy where our reefs and our children can thrive?

*Together our votes are powerful*
