

National Treasurers Report for 2014 Financial Year

To National Board Members, Branch Secretary's and Members

The National Accounts (Including branches) for the 2014 Financial Year are attached.

I ask you to read these in association with the following comments.

- The Board elected to reduce fees for 2014 year, however total income rose to almost \$45,000.
- The transfer of accounts to the 'Commbiz System' has now been completed and is working most effectively for both branches and national.
- BAS statements are now being completed on time.
- We have now eliminated the necessity for branch Treasurers, with all accounting now being carried out by the National Treasurer after approval from each branch.

The Australian Fabians accounts are in good shape and when we consider the sums held in branch and national accounts amounting to sum approx. \$79,500. .

Regards
