Questionable access cornerhopping from county highway.

Adjacent to Wetland Reserve Properties that are not open to public access.

The pond that reaches into this property is the head of a class 1 trout stream. This was removed from Phase 2, and then added to Phase 3.

This was removed from Phase 2, and then added to Phase 3.

Inside a DNR Easement that is closed to the public.

No longer publically accessible due to the RR fuck up.
