RE: Recommendation for Bill Brake to the AZ Game & Fish Commission

Dear Governor Ducey,

The Arizona Chapter of Backcountry Hunters & Anglers is thankful for your support when it comes to the conservation of Arizona’s wildlife and its habitat.

We were recently made aware of the vacant position on the Commission and would like to send our support on behalf of Mr. Bill Brake.

Bill has been involved heavily with projects on his ranch by the Antelope Foundation, the local chapter of NWTf and the Huachuca Whitetail Club as well as others. He’s been a partner with AZGFD as well as wildlife user groups. He’s supported antelope fencing projects, wildlife water projects, access, habitat improvement projects and many others over the years. He’s been a great partner for wildlife and has allowed the use of his facilities on the ranch for family and youth oriented activities related to the outdoors for both consumptive and non-consumptive uses. It’s always been a pleasure to deal with him and he truly supports the field employees in AZGFD, both biologists and officers.

AZ BHA believes that Bill would make a balanced, committed, knowledgeable Commissioner who would do what is right for our wildlife resource and its’ habitat. Just like AZ BHA is committed to.

We believe he would do a fine job in the role of a Commissioner, representing all of Arizona’s wildlife, as well as the sportsmen and women of Arizona.

Sincerely;
The Arizona Chapter of Backcountry Hunters & Anglers
