## EDUCATION:

Having served eight years on Cupertino School Board (CUSD), Barry is the only candidate with experience in managing a world-renowned school district. He:

1. Stopped the sale of so called “surplus School sites”, which later allowed CUSD to alleviate school overcrowding.
2. Initiated the popular and successful Cupertino Language Immersion Program (CLIP).
3. Worked with CUSD to help keep the performance of Cupertino Schools among the highest in California.

## FIGHTING FOR THE FUTURE

Mayor Chang supports a permanent tax on the wealthiest in our state to help fund every school district in California-rather than the current temporary tax that doesn't allow schools to improve and or plan for the future.

“I served on the Cupertino School Board and helped create one of the best school districts in the state, but today I see many school districts struggling. It is time we made a permanent investment in California’s future and help all schools improve.” – Barry

BARRY LED A RALLY AGAINST SENATE CONSTITUTIONAL AMENDMENT 5 (SCA 5) IN 2014.

**SCA 5** was trying to institute a racial preference in California college admissions, public employment and bids for public contracts. Mayor Barry Chang is strongly opposes any and all racial discrimination. He led Cupertino City Council in passing a resolution to oppose SCA 5, which ultimately helped to block passage of SCA 5.
