

## Hey Team Baz

Big 'thank you' to everyone who has offered their support, time/skills to volunteer with Team Baz to assist me securing a seat in the Senate.

Now more than ever I need your help to ensure we have a voice - living in these unprecedented crazy times, everyone I speak with is totally disillusioned with the current political parties.

## What's Important Right Now - **MEMBERSHIP**

My team has tweaked/updated the website and we are now ready to accept Members!!

### To get action we need Membership.

**Please click on the link to our website and Register today, pay the \$25 Membership fee and let's get this done!**

I also ask that you forward this Newsletter with the links onto anyone else you know whom you believe would also love to be involved - the more Members the greater our voice.

## What's New - Meet the Team

Over the next couple of weeks I want to introduce you to some of the Team Baz crew. Our first member is **Owen Barbour-Woods**. Here's a little about him, by the man himself...

*Hello, my name is Owen. As of 2021, I'm a 30-year old man living in Melbourne. I work in the environmental field and have a passion for social issues. I want to see so many things change for Australia, but I don't believe that the current political system can yield these results. I have strong values that I don't see displayed by anyone, or by any entity, that currently retains power in this country.*

*Barry Du Bois does represent my values. Having known Barry for a few years now, and benefiting from his mentorship and wisdom for my own small business, I feel confident that he is the type of human I would want to have in government. I support Baz because he displays what so many others in the government don't - empathy, compassion, courage, and an experience-based understanding of the many faces and struggles of everyday Australians.*

*I know Barry will work for what I believe in - sustainability, a more equal society, improved education systems, cultural cohesion, localised economies, and a transparent political system that treats everyone as equals and not as ignorant people that need to be controlled and told half-truths.*

*I support Team Baz and I'd love for you to do so as well. Become a Member today, get involved.*

**Owen**

## What Am I Excited About?

To say I was excited about this is to say the least. This week I got to spend over an hour on FaceTime with Australian of the Year Grace Tame, joined by her partner Max Heerey.

Our chat was fun, moving, profound and at times a little emotional.

I will share more of that chat and some of the amazing things Grace has achieved already and what she has planned for the future.

## What's Fun?

Well off the back of the amazing work Mike Herman ([www.hepburndesign.com.au](http://www.hepburndesign.com.au)) did creating the animation video on our website we are very lucky to have had legendary **Ben Brown** create a very retro T-shirt (<https://benbrown.com.au>). It should be available soon as it comes off the [Aisle6ix.com](http://Aisle6ix.com) screen printing bed.

You will be able to get them shortly so keep an eye out on my social media for updates.

Ok that's a bit of an update. So thankful for all your support so far. This is going to be a long hard road because you know they don't want us in there. As Grace has said, the 'evil weaponise secrecy' and we are going to open Parliament up, keep it transparent and start changing the culture of that place.
