# **Candidate Search Committee**

# 1. Purpose

The purpose of the Candidate Search Committee is to ensure that there are sufficient qualified candidates for upcoming vacancies among at large Executive Committee positions. The Committee fulfills this purpose by seeking out willing and eligible individuals who possess the qualifications necessary to aid the Federation in the accomplishment of its objectives, and who are able to execute the duties of the associated position. The Search Committee shall be comprised of one Federation staff person and two members of the Executive Committee not seeking election.

# 3. Principles

The following principles apply to the Committee and the procedures surrounding its existence:

- The existence of the Committee and its recommendations in no way limits democratic
  participation by other members seeking election, every eligible delegate at a general meeting
  shall be free to seek election for an available position on the Executive Committee.
- The committee's work is not an endorsement, but simply a coordination of those interested in running to ensure that each position has at least one candidate;
- The Committee may only encourage potential candidates towards seeking election, and may
  not dissuade those seeking election from doing so--no person shall take any action to prevent
  an eligible delegate from running in an election.
- Committee members shall not be eligible to participate on the Electoral Committee, nor shall
  they be eligible to be appointed the Chief Returning Officer for the election. Additionally,
  Committee members shall not assist a candidate in any way while the Committee is struck.
- The Committee will endeavor to consider diversity in terms of underrepresented groups, type
  of institution and region in seeking and encouraging candidates.

#### 4. Principles

The Committee shall be responsible for the following:

- i. Search out, from among active members (those currently elected or volunteering at a member local union), individuals interested in seeking election in one of the at large positions on the Executive Committee becoming vacant at a coming general meeting;
- ii. Provide information about position roles, responsibilities, expectations, scheduling requirements and other connected elements of at large duties to potential candidates for election;
- iii. Coordinate among potential candidates to ensure alignment between interested candidates and vacant positions;
- iv. Work to ensure that not less than one qualified candidate is willing to run for each expected vacant position at a coming general meeting;
- v. Report to the Executive Committee meeting immediate prior to a general meeting on its interactions with potential candidates and recommendations made to candidates on their alignment by position.
