NEW ITEMS		
NEW ISSUE	MINUTES	RESPONSIBILITY/ACTION
1. NTT wishes to know if they can hire Service Delivery Specialists to serve a health authority and not limited within 32km HQ.	BCGEU notes Article 11.6 and expressed concern of positions needing to be posted internally to respect service seniority before posting externally. NTT intends for SDS positions to be within the Health Authority's delivery area based on how operations looked prior to 2011. Both parties agree that the issue of 32/50km geographic areas should be addressed through collective bargaining and any resultant issues from staffing in this manner can be addressed through Article 8. (CLOSED)	
2. BCGEU wishes to confirm how Earned Days Off that coincides with a statutory holiday is handled with NTT.	BCGEU informs that as per successorship an EDO falling on a statutory holiday should be shifted onto the day following. (CLOSED)	

Next Meeting (Tentatively): Friday, September 11, 2020 14:00 -16:00
