Re: Update on Bargaining

The parties met for 5 days of bargaining and we tabled both non-monetary and monetary proposals. Bargaining has been collaborative and productive and we shifted to interest based bargaining where we outline the 'interest' to achieve changes to the collective agreement. We are bargaining via Zoom and this has provided us with some unique challenges as we embrace the technology of virtual bargaining.

We have made good progress, however we will need to book additional days to complete bargaining. We will be canvassing the committees availability for the rest of October and early November and provide you with an update when those dates have been booked.

Thank you for your support during this process!
