

Hello everyone! My name is Laurel and my pronouns are they, them, theirs. I am a non-binary bi-racial South Asian settler who lives in Kxeen (Prince Rupert). I have experience in the social service industry, specifically in the non-profit sector. In the past, I have worked at The North Coast Transition Society and currently work at Thompson Community Services. Due to my journey, I have experienced how workers and clients are treated within the non-profit sector. I bring my recent experience in labour activism, from being part of a unionization process, lived experience with WCB, and participating in BCGEU's Unlock Mental Health Campaign. Additionally, I bring my unique perspective as a worker, as someone who has accessed services, as a third year Bachelor of Social Work student, an activist, a racialized individual, and as someone who is part of the LGBTQ2S+ circle. Please vote for me and I will advocate for you and bring your issues to the forefront.
