

# PLEASE VOTE FOR DONNA LONGLEY

## Member at Large

Originally from Saskatchewan, I feel honoured to live on the traditional territories of the Lekwungen speaking peoples, the Songhees and Esquimalt First Nations. I'm passionate about workers' rights and achieving progress and benefits for our members' health and safety.

As a long-serving BCGEU member with the BC Provincial government, I have diverse public service experience having worked in four different ministries in both temporary and permanent positions.

### *What I Bring to the Position*

- I currently serve as the BCGEU 1201 Co-chair for the Joint Occupational Health and Safety Committee.
- I'm familiar with our local's business processes and member workplace issues including those that impact equity members.
- I'm a new shop steward and aware of new evolving work place developments.
- I'm trained in conflict resolution techniques and in Project Management.
- As an active member of Toastmasters' International, I'm experienced in speaking professionally with clear messaging in advocating for BCGEU members.

### *A Strong Voice for ALL Members*

If I'm elected Member at Large, I will work with Component 1201 Executive and members to advance:

- Special Member at Large tasks as required by our local.
- Regular member meetings to hear concerns, take action and report back.
- Represent members' issues to our 1201 Executive for resolution at the local or component level.
- Help coordinate and draft members' ideas for new resolutions for Convention.
- Help support and attend regular steward meetings including organizing steward training and seminars.
- Collaborate on a focussed campaign to continue the recruitment of more stewards.
- In collaboration with members, I am interested in developing a vision, goals, and work plan for 1201.
