

JohnRogers

For Chair of Local 604

INFORMATION SHEET

Let's get there together.

JohnRogers.co

I'm John Rogers, and I am hoping to get your support to be the next Chairperson of Local 604. For the last three years, as a local executive member, I visited our members and listened to their concerns -- not just on worksite issues, but on areas impacting their families and communities. I've met with members in their kitchens, sat with them at their worksites, and marched with them in their communities -- always listening to what's important to them.

As a steward, I've represented our members across our component and I've advocated within our union to get members the help they needed. I've mentored new stewards, organised worksite shop steward committees, and provided support to senior stewards when dealing with difficult employers.

Those who know me know that I've always worked tirelessly for our members, that I do not blindly give into the heat of the moment, nor get frightened when facing formidable barriers -- they know that I do not shy away from difficult conversations or necessary confrontations. And they also know that I truly believe that the beauty and the strength of our union and labour movement is our diversity and when we embrace that diversity we are stronger.

And to that, I say I've had the pleasure and honour to serve you over the last several years on the local executive -- and hope to get your support on the next chapter of our local as I represent our membership as the next Chairperson of 604.

As chairperson, I will continue to build on the progress we've made, while working with all of you to bring change to the areas that are just not working for us. We need to empower our stewards and O.H.S. representatives. We need to make our local meetings more accessible -- and more frequent. We need to identify new activists while honouring the activists that have come before us; we need to be more accessible and accountable.

And that's my commitment to you, to be a chairperson who champions accessibility, accountability, equity, and transparency. I strongly believe that together we can get to a better tomorrow and a better union. I hope I can count on your support. Let's get there together.

- **Local Executive**
- **Steward**
- **Workers of Colour Prov. Rep.**
- **OH&S Co-Chair**
- **Political & Community Activist**

Thank you
For
Your support.
