

Biography of Ron Anganu:

Hello to ALL of my Members of Local 1204,

I have been employed as a Supervisor/Shift Leader in the Navigation Services 8-1-1 contact centre (Ministry of Health-MoH) for just over nine and a half years, and having joined the BCGEU Steward team in late April 2008. I am an OHS representative at my worksite, a Union Observer, a member of the MoH Article 29 Committee, as well as, an alternate to the BCGEU Equity and Human Rights Committee. I have been honored to also act as your Temporary Staff Representative in both the BCGEU Benefits Dept., as well as, in Servicing various locals in our Fraser Valley Union Centre.

As your returning Executive on the Local 1204, I will be honoured to represent and voice your concerns, as well as, any issues raised with regards to our collective agreement and bargained rights in our respective work environments. At the same time, adhering to the Constitution and Bylaws of the BCGEU. Having held previous operations roles from senior analyst to Western Canadian regional management in the private sector, I feel that I bring an informed, structured, yet passionate approach with me.

Given our current times, I am encouraged by the hard work that has already been laid down in place for us and I look forward to learning from, as well as, assisting in ensuring the safety and individual protection in each of our respective work environments. My passion is to ensure that rights and freedoms of ALL our members are wholly addressed and that Honesty, Respect, Fairness, Integrity, and Professionalism will be some of the key successful building blocks on which we will ALL stand fast, together.

Yours truly,

Ron Anganu.  
Local 1204
