

VOTE

As a dedicated BCGEU member I wish to serve you as Local Chair. I have been an activist for the trade union movement for 35 years, with experience in bargaining, grievance handling, and local union activities. Since I have held all types of positions on the Local Executive I know the amount of time required, and I'm committed to getting the work done. If you want change, take action!

Join me this February and exercise your right to vote for the Local Executive
