

## **Biography: TONY BARTA**

**I have been a Safety Officer with TSBC and a proud member of the BCGEU since 2010. Prior to this, I was the member of the IUEC (international union of elevator constructors) for 23 years. During this time I have experienced many contract renewals and have had the privilege to vote for or against most of them. I would like to apply some of my experience to our upcoming contract negotiations. It would be an honour to represent the membership. I feel I could offer a fair but leveraged voice. This is a great responsibility not only for our generation but for our children as well.**

**I would be interested in hearing one important issue you may have. Please email me at:  
bcgeuinfo@gmail.com**

**Thanks very much**

**Tony**
