

Florin Moldovan's Biography

I am a Boiler Safety Officer from the Squamish Office. For the last three years I've been performing boiler, pressure vessels, pressure piping and refrigeration inspections on a large area from North Vancouver to D'Arcy. I worked previously as a NDT, welding and visual inspector in the pulp, paper and the oil and gas industry. During this time I was a member of the Plumbers, Pipefitters and Steamfitters Union. It's a strong union and its members are proud. I'm originally from Romania and moved to Canada at the age of 23 to follow my passion for alpine skiing. I was a top ski pro for Whistler Blackcomb for more than 15 years. My biggest accomplishment is my family with 2 two amazing daughters and a supportive wife.

Like most people we get busy with the job and the family and we forget to make important changes to improve our life. I believe that our Collective Agreement, with BCSCA, can be improved and I would like to help accomplish this. I'm a person who speaks his mind and the opposite of a politician. In North America the inequality between the top management and the workers is reaching new heights and I believe in a fair and equitable workplace.

When I saw the email about the bargaining committee I knew I had to act now. Like everyone, I have my personal reasons, but the changes required are bigger than any individual and so I would be more than happy to represent yours.
