

My name is John (Jack) Kennedy and I would like to represent you on the BCGEU bargaining committee. I've been with Technical Safety BC in the capacity of an Electrical Safety Officer in the Terrace office for three years. Previous to my employment here, I sat for two years on the BC Safety Authority Education Committee as a volunteer. I owned/operated an Electrical company for over 30 years and for 2 years I was an Electrical Instructor at Northwest Community College in Terrace. Previous to my employment as a college instructor, I spent 10 years as a consultant with various First Nations groups providing advice for apprenticeship training. I currently sit as a representative for the North on the BC Children's Hospital Committee.

With my dedication and determination in accomplishing tasks presented before me, I would look forward to applying my skills and experience to the role of a Bargaining Committee member. Thank you for your consideration.
