RE: Seniority Lists for Annual Shift Pick

As we start to prepare for the annual Shift Pick, which will take place in June, we want to send a friendly reminder to all members that they need to check the current posted seniority list to see if there is any difference from last year's seniority list.

Should you find an error between this year's seniority list and last year's seniority list, **please inquire immediately** with your direct supervisor or contact a shop steward to assist you.

Discrepancies with seniority need to be fixed prior to the start of shift pick.

In solidarity,

Sarah Fawns – Staff Representative
