Re: **Collective Agreement Ratification Meetings**

As you know the settlement framework that you endorsed in Fall 2018 has been made into a tentative first collective agreement for Xyolhemeylh employees. Your Bargaining Committee and Organizing Committee have been getting information out on some of the details.

The complete collective agreement is now posted on the BCGEU website here. Meetings have been scheduled to answer your questions on the agreement per the schedule below. You will be able to cast your ballot until the end of business Friday, February 8. This will allow everyone at least 2 days after attending a meeting to get further clarification on any issues.
