

Dear Parents,

We would like to present you with an opportunity to register your son or daughter in free tutoring. GenerationZ is an organization of students who all share the same goal of bettering the community by educating the younger generation. All of our tutors attend Richard Montgomery High School.

Tutoring will take place at Germantown Public Library, Quince Orchard Public Library, or Rockville Public Library. Sessions occur once a week and last for 1 hour. We have no set times or days for tutoring. You can tell us (in the application on the following page) what days and times your children are available and we will try to arrange tutoring times according to what is most convenient for the students. If you are interested in enrolling your child in our fall program, please complete the next page and send the document to generationztutoring.rm@gmail.com.

Subjects Available:

Reading K-8

Math K-5, Math A-C, Pre-Algebra/IM, Algebra 1, Geometry, Algebra 2,
Trigonometry

Spanish 1, Spanish 2

French 1, French 2

Sincerely,

Jennifer Cao

Head Director of GenerationZ RM Chapter
