

Beall PTA Science Expo 2016

Tuesday, January 26, 2016, 7:00 -8:30 pm

* project setup 6:45pm *snow date Jan 28*

The Science Expo is a celebration of the world of science!

To participate in the Science Expo, choose a topic interesting to YOU and do an experiment or investigation over winter break or in January.

Then make a display to tell us all about what you learned.

On the evening of Jan 26 (snow date Jan 28), bring your science display to show the school community. Along with school friends, real-life scientists will tour the projects and speak with each student individually in a friendly, positive, non-competitive environment. Science is awesome!

Science Expo

ALL Beall students can participate! Projects last year included:

Float vs. Sink	What Is the Best Kind of Milk for Ice Cream?
Observing Leaf Decay	How Does Water Travel Through a Plant?
What's a Squirrel's Behavior?	Chemical Reactions and I Don't Mean Love!
How Do Airplanes Work?	Which Way Do Crystals Grow Better?

It's fun to do a Science Expo project!

Need an idea? Not sure how to begin?

Sign up online http://www.beallpta.org/sci_expo_2016 or using the form on the back of this page, and you will get a packet of info including experiment ideas & tips for parents and students.

If you signed up but didn't get a confirmation email within a couple days, please check your spam folder. Visit <https://sites.google.com/site/beallscienceexpo/> to find copies of all the documents if you want a preview.
