Over the last few months, people all over this country have resisted the Trump administration's dangerous agenda with courage, hope, and determination.

Now, it's time for the climate movement to take up the challenge. Join us on April 29 for a historic mobilization in the streets of Washington, DC. Together, we'll show our passion, commitment, and fierce love for this planet and one another.

For details and to sign up for a bus ticket, go to [www.350Mass.org](http://www.350Mass.org).
