

It's cool to be a Big or a Little ...

even cooler when you get these sweet deals! Not only do our Corporate Partners supply Big Brothers Big Sisters with much needed funding to continue our programs, they also provide our Bigs, Littles and network of supporters with special opportunities to save money and help the agency at the same time.

Thanks go to all of our corporate and community partners who are helping to start something special for each of our matches.

Do you know someone or some place that might want to help our matches while driving traffic to their place of business? Send them to big@bigloraincounty.org to inquire about how to get involved!
