The Rules

Keeping clean looking after equipment

| What's the problem? | How does it affect the club? | What's the rule? |
|---------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------|
| Shoes and chairs in the soft play area. | Damages the mats and soft play equipment. Makes the area dirty, especially for babies and toddlers. | Put shoes in the box provided. Keep the chairs off the mats. |
| Food debris in the toys and on equipment, spilt drinks. | Spilt drinks are a slip hazard and upsetting to children who fall in it. Food and old food can be picked up and cause food poisoning. | Food and drinks only to be consumed at a table. |
| Poop in the loo. | Its stinky and the volunteers have to clean it up. | Ensure children are accompanied to the toilet. |

Keeping children from harm

| What's the problem? | How does it affect the club? | What's the rule? |
|--------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------|
| Children in the kitchen and in the adult toilet. | Both the toilet and kitchen have water heaters that can scald produce boiling water. | Never let children in the adult toilet or kitchen areas, keep the gate and doors locked and bolted at all times. |
| Children in the toy cupboard or container. | Falling hazards and getting locked in. | Ensure children are supervised at all times, never go into the storage container or toy cupboard. |
| People making food/ cutting food in 'kitchen'. | We do not have the facilities to prepare food. The kitchen is only available for teas and coffees. Food contamination, lack of cleanliness and food poisoning are real risks. | Never prepare food at the Big Red Club. This includes all cutting of any food stuff. |

Staying safe and respecting others

| What's the problem? | How does it affect the club? | What's the rule? |
|-----------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|---------------------------------|
| Adults on their phones or electronic devices. | Children being unattended having accidents or disagreements. | No phones or electronic devices |
| Adults taking pictures of children. | Families may unwittingly post pictures of other people's online. It's just no fun for children being asked to pose for pictures. | No phones or electronic devices |

I have been read and will comply with the rules of The Big Red Bus Club
