I am the mother of three young men, a successful business owner and a community volunteer. I have lived in Fair Lawn over 20 years and have always taken a leadership role in community organizations, serving on the Board of the Fair Lawn Association for Special Education, running the PTA Book Fair for my sons' elementary school and serving on the Board, and as Sisterhood President, of the Fair Lawn Jewish Center. I have also organized dinners for hundreds of people at Hackensack Health and Human Services, as well as food drives for children served by the Center for Food Action. I, along with my husband Zahavy, own and run a successful manufacturing company in Newark, Zago Manufacturing Company, Inc., which was recently named small Manufacturer of the Year by NJMEP. My company has been recognized for its commitment to manufacturing in New Jersey, its emphasis on sustainability and its dedication to making a positive social impact in the community.

#### WHY I'M RUNNING

I am running because I think this is a critical time to get involved in government. In my community I am concerned about water safety, pedestrian safety,, increased traffic and other quality of life challenges, as well as the need for business development and a high property taxes.
