

To: The Hon Greg Hunt MP

The recent death of a rare Risso's dolphin, on a Sydney Beach, from plastic poisoning, is a sad warning bell for the state of our oceans. The Commonwealth Government has identified marine debris as a key threatening process under the Environment Protection and Biodiversity Conservation Act 1999. You have personally voiced your concern about marine plastic pollution and the impact on our rare wildlife. I urge you to fight the rising tide of plastic by reinstating packaging as a priority under Australia's Product Stewardship Act.

**Please resist weak industry alternatives - we need to see leadership and swift, effective ACTION ON PLASTIC PACKAGING.**
