LAND DEVELOPMENT APPLICATION CHECKLIST

This CHECKLIST has been adopted in accordance with Section 25:807 of the Land Development Ordinance of the Township of Bordentown and will be used to determine whether an application filed with the Bordentown Township Planning Board or Zoning Board of Adjustment is complete. Failure to provide the items listed will result in the application being declared incomplete, unless the Board, pursuant to Section 25:802, waives the deficiency.

Applicant: Capital Health System, Inc. Application No.: 

Date Filed: May 7, 2020 Block: 58 Lot: 36.02

General Requirements for all Applications

All Applicants are advised to review the provisions of the Land Development Ordinance before submitting an application.

1. X Completed application form with completed checklist and copies of all documents, reports and plans relating to the application. Original and seventeen (17) copies filed with the Administrative Officer at least fifteen (15) business days, but not more than twenty (20) business days prior to the regularly scheduled meeting of the Planning Board or the Zoning Board of Adjustment, as the case may be.

2. X One (1) copy of the completed application form and the completed checklist and copies of all documents, reports and plans related to the application delivered to each of the following members of the Township’s professional staff at least fifteen (15) business days, but not more than twenty (20) business days prior to the regularly scheduled meeting of the Planning Board or the Zoning Board of Adjustment, as the case may be. (Addresses are provided on the last page of the Application Form):

   X a. Township Engineer

   X b. Township Planning Consultant

   X c. Township Traffic Engineer

   X d. Board Solicitor

3. X Certification from the Bordentown Township Tax Collector that all taxes are paid as of the date the application is filed.

4. X Application Fee and Escrow Deposit, as required by Section 25:901.
5. _X_ Proof that there are no outstanding uncollected fees and escrows resulting from past applications or prior submissions by this applicant or involving this property or any part thereof.

6. _X_ Statement as to any request for a waiver from any of the filing or submission requirements, together with a statement of the reasons offered in support of the request for the waiver or waivers.

7. _X_ List of any requests for waivers from the development standards, together with a statement of reasons offered in support of the request.

8. _X_ Proof that any conditions attached to any prior approval granted for the subject property have been fulfilled.

9. _X_ List of the names and addresses of all expert witnesses proposed together with a statement of their area of expertise.

10. _X_ In any instance where a formal subdivision or site plan is not required to be submitted, a survey or sketch of the property which is the subject of the application showing all structures located on the property.

**NOTE:** Proof of Notice and Proof of Publication of Notice. These items shall be filed prior to the time of the hearing on the application. They are not required to be filed with the application, since notice cannot be given until the date of the hearing is fixed. The hearing cannot proceed, however, until the Proof of Notice and of Publication have been filed.

**Section(s) of the Ordinance from which a variance is requested:**

Capital Health System, Inc. ("Applicant") requests a variance from Township of Bordentown Ordinance 2014-11, amending the Land Development Ordinance otherwise known as Section 25:514 of the Township Code.

Specifically, Applicant seeks a variance from 25:514(H)(2)(a) in order to install three signs on the façade of the building on the property—two on the front elevation, and one on the west elevation. Applicant also seeks a variance on the size restrictions permitted by 25.514(H)(2)(e) *(as amended by Ord. 2014-11)* so that it may erect two signs at 152.77 square feet and one sign at 121.65 square feet.

**Supplement to Zoning/Planning Application Question 15**

**Explain in detail the exact nature of the application and the changes to be made the premises, including the proposed use of the premises:**

Applicant brings this application before the Board in to ask for a variance pursuant to *N.J.S.A. § 40:55D-70(c)(2).*

Applicant entered into a lease for an approximately 78,000 square foot, three-floor, medical office building and ambulatory surgery center ("the Building") at the property located at 115 Route 130, Bordentown, Block 58, Lot 36.02 ("the Property"). Applicant will be the primary tenant, and Rothman Orthopaedics will sublease space in the Building. Applicant requests the following signs:

1. Capital Health name and logo on the front elevation (60 3/8" x 30' 4 3/8", 152.77 s.f.);
2. Capital Health name and logo on the west elevation (60 3/8" x 30' 4 3/8", 152.77 s.f.);
3. Rothman Orthopaedics name and logo on the front elevation (5' 3 1/2" x 22' 11 7/8" 121.65 s.f.);

The specifications of the signs are attached to this application as Exhibit B. The signs on the front elevation represent 3% wall coverage, and the sign on the west elevation represents 2% wall coverage.

Allowing two more signs on the building furthers both the purposes of the Municipal Land Use Law ("MLUL") and the Township of Bordentown Land Development Ordinance ("the Ordinance"). Both the MLUL and the Ordinance have adopted the stated purposes of protecting
the “public health, safety, morals, and general welfare” of the populace and “provid[ing] sufficient space in appropriate locations for a variety of agricultural, residential, recreational, commercial and industrial uses and open space, both public and private, according to their respective environmental requirements in order to meet the needs of all New Jersey citizens.” N.J.S.A. § 40:55d-2(a), (g); Borden Twp. Municipal Code §25.103.

The medical services provided by the Applicant and Rothman Orthopaedics—two highly regarded health care institutions—no doubt contribute to public health and general welfare of the local citizenry.

Capital Health is a two-hospital health system that currently supports seventeen primary care offices and thirteen specialty offices in New Jersey and Pennsylvania. It has been recognized four times by Magnet for nursing excellence, and it is a Gold Plus member of the American Heart Association’s Target Stroke program. Its many services include a Level II regional trauma center, a comprehensive stroke center, regional perinatal center, and an emergency health screening center.

Rothman Orthopaedics is a world leader in Orthopaedic and Musculoskeletal care whose reputation for excellence led to official partnerships with the Philadelphia Eagles, Phillies, 76ers, and the Flyers. Its Sports Medicine Team evaluates over 80,000 sports injuries, and performs over 10,000 surgeries each year. The Spine Team performs over 4,000 surgical procedures each year. Their practice is one of the most recognizable healthcare brands in the region including branches.

Likewise, the placement of the three signs described herein contribute to Applicant and Rothman’s mission by signaling to the residents of Bordentown Township that cutting-edge medical care is located right in their community. Due to the building’s proximity to Route 130 and the Team 85 Campus, the signs would act to further distinguish Bordentown as a health and wellness hub. Bordentown will benefit from the Applicant and Rothman’s massive investments in marketing by way of clear and conspicuous signage.

Finally, the signs act as a safety feature, clearly indicating the location of Applicant’s and Rothman’s business, thereby preventing sudden stops, U-turns, and similar maneuvers. Given the Building’s setback from the street and its size, larger, more prominent signage contributes to the general safety of the area. Additionally, the signage will assist visitors in ascertaining the proper side of Route 130 to access given the similarity in name of K Johnson Boulevard and K Johnson Boulevard North.

The inclusion of these signs does not cause a substantial detriment to the community. The proposed signs are in the Highway Commercial Zone, so they are appropriate to the locality in which they reside. Moreover, several buildings in the Highway Commercial Zone utilize multiple façade signs—notably, the St. Francis Medical Center building at 6500 K Johnson Boulevard. The signs do not project light; they are not offensive; and they are tastefully designed. The Building is large enough that even with the excess size of the signs, they will only take up 2% and 3% of the total wall coverage on their respective positions.

Inclusion of the proposed signage will further both the intent of the MLUL and the Bordentown Land Development Ordinance. Given the size of the Building, their location on the highway, and the appealing design of the signs, the benefits will outweigh any detriment to the community.
