______ Request for Waiver From Site Plan Review and Approval

Reason for request: _____________________________________________________________

______ Informal Review

______ Request for Rezoning and/or Amendment to Master Plan

______ Appeal decision of an Administrative Officer [N.J.S.A. 40:55D-70a]

______ Map or Ordinance Interpretation or Special Question [N.J.S.A. 40:55D-70b]

X Variance Relief (hardship) [N.J.S.A. 40:55D-70c(1)]

X Variance Relief (substantial benefit) [N.J.S.A. 40:55D-70c(2)]

______ Variance Relief (use) [N.J.S.A. 40:55D-70d]

______ Direct issuance of a permit for a structure in bed of a mapped street, public drainage way, or flood control basin [N.J.S.A. 40:55D-34]

______ Direct issuance of a permit for a lot lacking street frontage [N.J.S.A. 40:55D-35]

______ Other Relief (specify): _______________________________
12. Section(s) of Ordinance from which a variance is requested:

13. Waivers Requested of Development Standards and/or Submission Requirements:
   (attach additional pages as needed)

14. Attach a copy of the Notice to appear in the official newspaper of the municipality and to be mailed to the owners of all real property, as shown on the current tax duplicate, located within the State and within 200 feet in all directions of the property which is the subject of this application. The Notice must specify the sections of the Ordinance from which relief is sought, if applicable. The publication and the service on the affected owners must be accomplished at least 10 days prior to the date scheduled by the Administrative Officer for the hearing. An affidavit of service on all property owners and a proof of publication must be filed before the application will be complete and the hearing can proceed.

15. Explain in detail the exact nature of the application and the changes to be made at the premises, including the proposed use of the premises: [attach pages as needed]

   See Attached Letter

16. Is a public water line available?  YES

17. Is public sanitary sewer available?  YES
18. Does the application propose a well and septic system? ____________

19. Have any proposed new lots been reviewed with the Tax Assessor to determine appropriate lot and block numbers? ____________

20. Are any off-tract improvements required or proposed? ____________

21. Is the subdivision to be filed by Deed or Plat? ____________

22. What form of security does the applicant propose to provide as performance and maintenance guarantees? ____________

23. Other approvals which may be required and date plans submitted:

I have attached the letters sent from M. Theokas as a guide for what we need to apply for all the variances. There were 6 items on the 2nd letter and at least 4 on the 1st letter which may have some be redundancy. I am writing everything up in an effort to ensure nothing is missed. I have included some notes and details below in case anything else comes up.

Chapter 25, Section 516.A for the rear setback of the pool at 9.5’ where 10’ is required. The original survey submitted shows the proposed pool location at a 12’ rear yard setback, which complied with Ordinance standards. (Owner Reply - We were unaware that the pool was being placed in the wrong location by the pool company. The pool company should be seeking the relief of this ordinance through a variance or an “as built”. We are seeking relief of this ordinance.)

Chapter 25, Section 516.A for the absence of a 4’ wide landscape buffer between the pool concrete decking and the rear yard property line. You will either need to provide proof of a buffer in the form of grass, trees or shrubs between the pool concrete and the property line or an additional variance will be required. (Owner Reply - The distance from the concrete to the property line in the rear of the property line is 4’7 inches. The wall and then a fence will be inside that distance. We plan on either, stone, grass, shrubs or a combination of inside that area as well as all the other areas surrounding the pool. Cannot do this until work stoppage is lifted. We seek relief if it’s deemed necessary.)

Chapter 25, Section 516.G. for the absence of a buffer for the pool equipment that will be placed in the side yard adjacent to the street along Bentwood Drive. Per the Code, the filter & pump shall be designed and buffered in such a way as to not cause undue negative impacts on adjoining properties. You will need to provide proof that the condition will be met, and if not, it will require a variance. (Owner Reply - We were unaware of the placement of the pool equipment by the pool company. We will provide the proper buffering. The pool company should be seeking the relief of this ordinance through a variance or an “as built”. We are seeking relief of this ordinance.)

Chapter 25, Section 403.D for an accessory structure (retaining wall) located at a 0 ft rear yard setback where 6’ is required. The wall is defined by Ordinance as a structure and therefore is subject to setback requirements. (Owner Response - A new survey with wall measurements has been provided and the wall specs are listed in the notes below. We seek relief from this ordinance for the wall that has been 90% completed.)

Chapter 25, Section 606.B.5 Landscape wall/retaining wall at 0 FT second front yard setback where 25’ FT is required (Owner Response – - A new survey with wall measurements has been provided and the wall specs are listed in the notes below. We seek relief from this ordinance for the wall that has been 90% completed.)
Chapter 25, Section 606.B.5 Pool located at a 23’ ft second front yard setback where 25’ is required.
(Owner Response – We seek relief from the ordinance for the pool which is complete.)

Chapter 25, Section 606.B.5 Pool decking located at a 13” ft second front yard setback where 25’ is required
(Owner Response – We seek relief from the ordinance for the pool decking which is complete.)

Notes and Details

The total square footage of the pool decking and its appurtenances possibly exceed 75% coverage of the rear yard.
(Owner Response - We are awaiting confirmation from township officials after provided sq. ft. measurements from the pool company as to our current lot coverage. We seek relief from this ordinance if it is deemed necessary. As per 2nd letter we are under the 75% coverage.)

Fence will maintain a minimum setback of 7.2’ from the inside of the sidewalk that runs along Bentwood Drive, per the Resolution of approval Z-2014-08.
(Owner Response – Our fence installation will meet the above requirements as per the resolution of approval listed above.)

Details of the retaining wall are required (Height, length and materials)
(Owner Response – The wall consists of the following: Height - 16.6inches to 33.5 inches, Length - 39ft 10.5inches in length, made of pressure treated wood)

Bordentown, NJ 08505

Re: In-ground pool, retaining wall, drainage issues
30 Waterford Drive
Block 116, Lot 4

Dear Mr. & Mrs. Palumbo,

After review of the updated topographical survey, prepared by Martin G. Miller III, dated 6/12/20, our office has several concerns/comments that are enumerated below:

**Variance are required for the following items from the Land Use Ordinance:**

- Chapter 25, Section 516.a for the rear yard setback of the pool at 9.5’ where 10’ is required. *The original survey submitted shows the proposed pool location at a 12’ rear yard setback, which complied with Ordinance standards.*
- Chapter 25, Section 516.a for the absence of a 4’ wide landscape buffer between the pool concrete decking and the rear yard property line. *You will either need to provide proof of a buffer in the form of grass, trees or shrubs between the pool concrete and the property line or an additional variance will be required.*
- Chapter 25, Section 516.g. for the absence of a buffer for the pool equipment that will be placed in the side yard adjacent to the street along Bentwood Drive. *Per the Code, the filter & pump shall be designed and buffered in such a way as to not cause undue negative impacts on adjoining properties. You will need to provide proof that the condition will be met, and if not, it will require a variance.*
- Chapter 25, Section 403.D for an accessory structure (retaining wall) located at a 0 ft rear yard setback where 6’ is required. *The wall is defined by Ordinance as a structure and therefore is subject to setback requirements.*
- Upon receipt of the total square footage of the pool decking, it is possible an additional variance may be required if the pool and its appurtenances exceed 75% coverage of the rear yard.

**Additional information for the public hearing and amended zoning permit:**

- An updated Zoning permit application will be required upon approval from the Planning Board of the variance application.
- Details of the retaining wall are required (i.e: height, length, materials)
• Latest topographical plan does not show the fence location in the side yard adjacent to the street alongside Bentwood Drive. *When the fence is relocated after construction is finished, the fence must maintain a minimum setback of 7.2’ from the inside of the sidewalk that runs along Bentwood Drive, per the Resolution of approval Z-2014-08.*

• The retaining wall and proposed fence are both located in the 10’ utility easement that runs the length of the entire lot frontage.

If you should have any questions or concerns regarding this letter, you can contact me Monday through Friday at (609) 298-2800, ext. 2102 or by email at m.theokas@bordentowntwp.org.

Thank you in advance for your cooperation in this matter,

Michael Theokas
Acting Director of Community Development, Zoning Officer

Mark & Alicia Palumbo
30 Waterford Drive
Bordentown, NJ 08505

Re: Inground pool, retaining wall,
30 Waterford Drive
Block 116, Lot 4

Dear Mr. & Mrs. Palumbo,

Enclosed in this letter, please find the list of required variances determined necessary by the Zoning Officer.

The list encompasses the sections of the Bordentown Land Use Ordinance that you should be seeking relief from. Some sections are repeated, however it is due to more than one regulation in that section that has not been met by the current pool installation, and not a typographical error.

Our office would like to reiterate that the original Zoning approval for the pool permit in May of 2019, showed all proposed improvements were in compliance with all Zoning Codes. The apparent shift in pool location during the installation of the pool, subsequent change of topography and additional concrete have created the need for the variances enumerated in the attached list.

If you should have any questions or concerns regarding this letter, you can contact me Monday through Friday at (609) 298-2800, ext. 2102 or by email at m.theokas@bordentowntwp.org.

Thank you in advance for your cooperation in this matter,

Michael Theokas
Acting Director of Community Development, Zoning Officer
