

### **Storm Emergency Information:**

Snow Routes have been established and will be enforced, therefore please insure that you do not park in an area designated as a snow emergency route. Violators will be subject to fines and fees associated with the towing of the vehicle.

When clearing your driveway or sidewalk of snow it should be noted that it is against the law to plow or shovel snow into the roadway from private property. Violators will be subject to fines.

Please park vehicles off the roadway affording the Public Works Department the opportunity to clear the roadways of snow from curb to curb.

In the event of a power loss the Municipal Complex will be opened as an emergency shelter. Should you need to take advantage of this, please contact the Police Department when reporting to the Municipal Complex.

Your cooperation is anticipated and appreciated.....
