Daniel's Fight

Friday, Feb. 7

2pm-8pm

Bordentown Sr. Center
3 Municipal Drive.

Daniel was 9 when he first became ill and was later diagnosed with STAT 3 GOF. He is now 17 in 11th grade homebound. He has received well over 100 blood transfusions and infusions of medications. Daniel's father was also recently diagnosed and receives monthly transfusions as well. They have both been helped by the generous gift of blood donation from volunteers. Please help people like Daniel and his family and others who need the precious gift of life.
