Post-Secondary Institution
Department
Supervisor's Name
Supervisor's email
Supervisors Phone Number

Page 3-CV questions

List your past scholarships / awards.

Please List your past research experience

Please list any formal contributions to science (Peer reviewed publications)

Please list any presentations at scientific meetings at which you were a leading author with a significant intellectual contribution (Including Department/Institution level conferences)

Please list your community/volunteer activities/service positions within the last 4 years

Page 4-Project Description

Please read the Frequently Asked Questions page before completing this section of the application to ensure that you are answering all of the questions properly. Applications that display evidence that this has not been done may not be eligible for funding.

Title of Project:

Type of research:

Check all that apply

Foundational	Translational	Clinical Trial
--------------	---------------	----------------

NeuroCAM Modality

Check all that apply

Neutraceutical	Mind and Body	Personalized Therapies	Tech
----------------	---------------	------------------------	------

Please provide a brief description of your project. Please be as clear and concise as possible using the headings listed below. Additionally, please address any feasibility concerns of the project and how they will be met (e.g. recruiting patient samples, technical issues in animal research, learning curves in methods training, dosages of drugs used, etc).

Background: (max 400 words)

Methods: (max 400 words)

Hypotheses: (max 200 words)

Please list your references for all sections here:

Anticipated Timeline of Project:

Academic Impact of Project:

Please describe this project's relationship to neuroCAM.

Page 6-Personal Career and Knowledge Translation

Please provide a brief description of the broad impact of your project for a lay audience. Branch Out highly values effective knowledge translation, so try to explain it in clear simple terms. If your grandmother would have trouble following it, try to make it simpler (unless of course, your grandmother is a neuroscientist!)

Lay abstract:

Please describe what impact this research could have outside of the academic community.

What are your long term career goals and how does receiving this Branch Out Studentship contribute towards these goals?

Page 7-References

Please list two academic references, one of which must be a supervisor on this project.

Remember, your references will need to fill in their own surveys by the application submission deadline. If they haven't already submitted their reference surveys on your behalf send them **this link** (it opens in a new window so you won't lose your application:

http://www.branchoutfoundation.com/reference_survey).
