

Welcome to the Branch Out Grant Application for our Undergraduate, Masters, and PhD grants. Before continuing please ensure your eligibility for the grants and read the FAQ to ensure your are answering each question appropriately. A printable copy of the applications questions can also be found there.

If you cannot complete the online submission in one sitting you can click the "Save for Later" link at the bottom of the page. Doing so will provide you with a custom link that you can use to return to the form at a later time. Remember to save that link in a safe place or email it to yourself.

### **About the Grant Program**

**Grant Type**

Which grant are you applying for?\*

Undergraduate

Year For Which You Are Applying

Year 1

PhD grant only: How many years of funding are you requesting?

What is your expected date of graduation?

For Masters students considering transferring to a PhD, please list your expected date of transfer.

**Curriculum Vitae Questions**

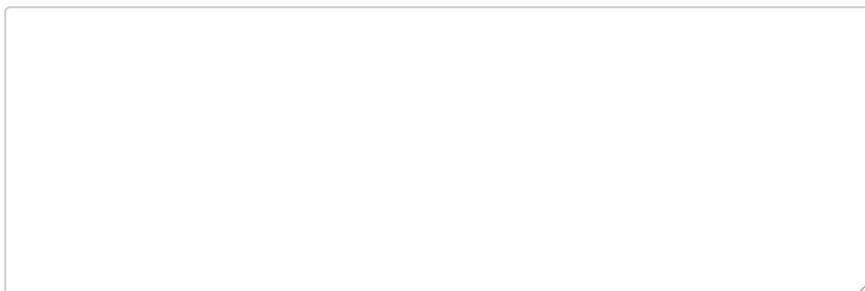

List your past scholarships / awards.

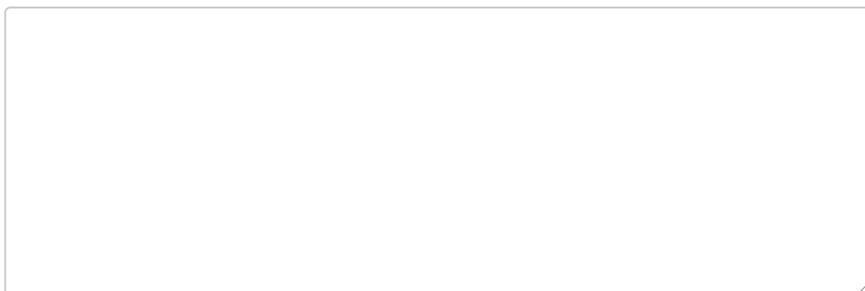

Describe your previous research experience.

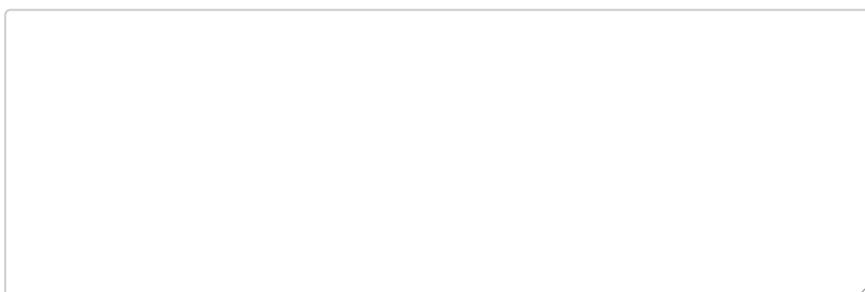

List any formal contributions to science (Empirical Peer reviewed Publications)

List presentations to scientific meetings (including institutional / departmental).

List your community / voluntary activities/service positions within the last 4 years.

**Project**

*Please read the Frequently Asked Questions page before completing this section of the application to ensure that you are answering all of the questions properly. Applications that display evidence that this has not been done may not be eligible for funding.*

Project Title:

Check all that describe your research

- Basic Research
- Translational Research
- Clinical Trial

Copy of Check all that describe your research

- Nutraceutical
- Mind and Body
- Personalized Medicine
- Tech

*Please provide a brief description of your project. Please be as clear and concise as possible using the headings listed below. Additionally, please address any feasibility concerns of the project and how they will be met (e.g. recruiting patient samples, technical issues in animal research, learning curves in methods training, dosages of drugs used, etc).*

**Background:**

(400 words max)

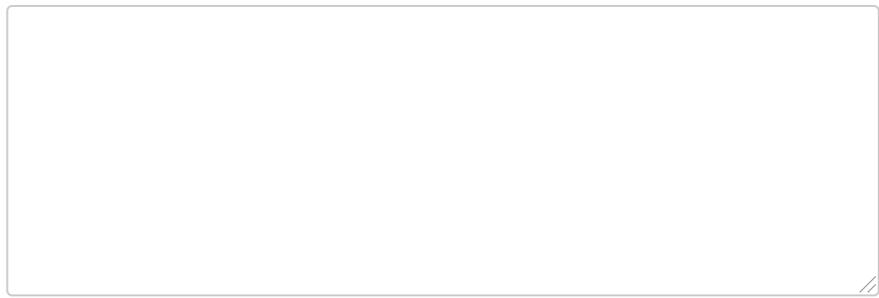

**Methods:**

(400 words max)

**Hypothesis:**

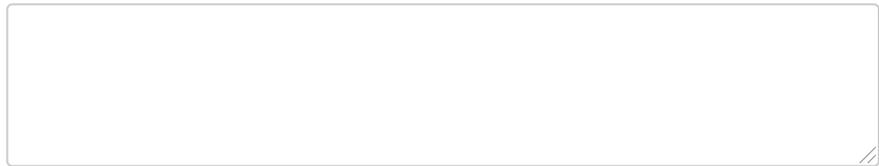

(200 words max)

**Academic impact:**

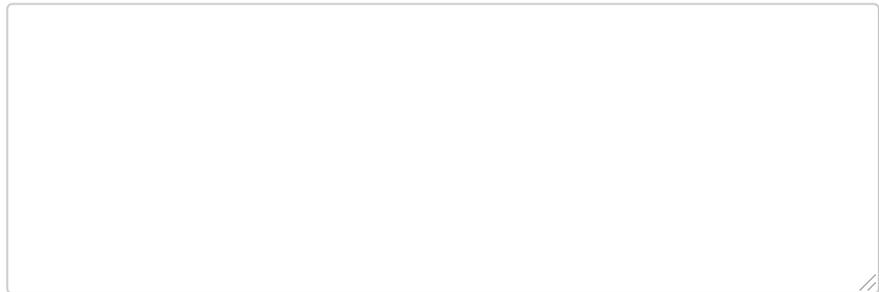

A large, empty rectangular text box with a thin border and a small diagonal slash in the bottom right corner, intended for the applicant to describe the academic impact of the project.

**References**

Please list your references for all sections above here:

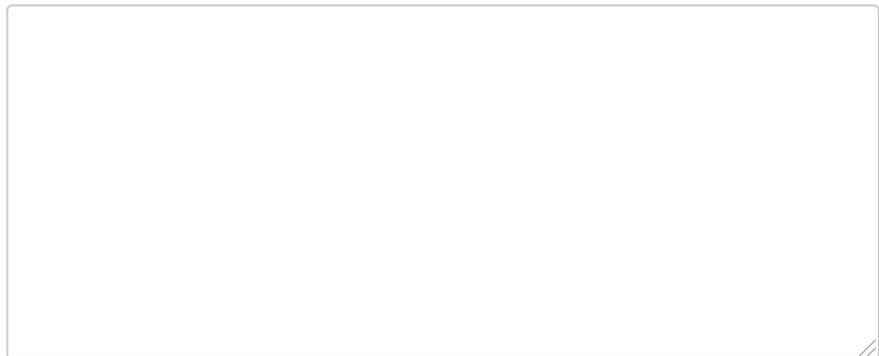

A rectangular text box with a thin border and a small diagonal slash in the bottom right corner, intended for the applicant to list references for the project.

**Timeline of student's proposed work for the duration of funding:**

A large, empty rectangular text box with a thin border and a small diagonal slash in the bottom right corner, intended for the applicant to provide a timeline of the student's proposed work.

**Please describe the project's relation to neuroCAM.**

This should include a classification of 1 or more types of neuroCAM (<http://www.branchoutf...>). Additionally, please comment on the basic science or translational elements of your project and the impact that this project has beyond its strict academic context. That is, comment on the broader implications of the project for either other scientific research or clinical practice.

A large, empty rectangular text box with a thin border and a small diagonal slash in the bottom right corner, intended for the applicant to describe the project's relation to neuroCAM.

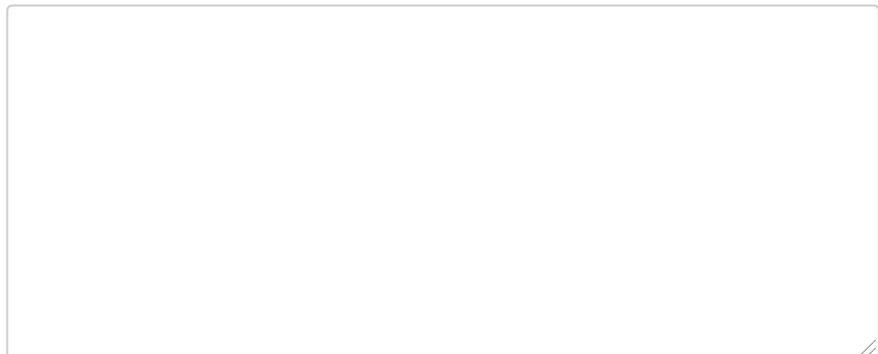

## Personal Career and Knowledge Translation

*Please provide a brief description of the broad impact of your project for a lay audience. Branch Out highly values effective knowledge translation, so try to explain it in clear simple terms. If your grandmother would have trouble following it, try to make it simpler (unless of course, your grandmother is a neuroscientist!)*

Lay Summary:

A large, empty rectangular text box with a thin grey border, intended for the user to provide a lay summary of their project's broad impact.

What are your long term career goals and how does receiving this Branch Out Studentship contribute towards these goals?

A large, empty rectangular text box with a thin grey border, intended for the user to describe their long-term career goals and how the studentship contributes to them.

**References**

Please list two academic references.

Remember, your references will need to fill in their own surveys by the application submission deadline. If they haven't already submitted their reference surveys on your behalf send them [this link](#) (it opens in a new window so you won't lose your application).
