

A DIRECTORY OF POST-ADOPTION SUPPORT GROUPS & RETREATS

At BraveLove, we believe it's vital that a birth mother not walk alone because the journey of adoption does *not* end at placement. Here's a list of birth parent post-adoption support groups and retreats around the country that we recommend. We've spoken with them, vetted them, and now encourage you to see if they could be a good fit for you and your clients.

One important thing to note: Every person is different, which is why we've created this varied list. We plan to expand this directory over time with more details and more groups in order to provide lots of different support options. If you know of a birth parent support group or retreat, contact us at info@bravelove.org. We'd love to learn more about them.
