California Farm Bureau Federation Endorses Brian Dahle for State Senate

Dahle campaign continues brisk pace in securing influential statewide endorsements

SACRAMENTO – Announcing yet another influential statewide endorsement, today Assemblyman Brian Dahle received the endorsement of the California Farm Bureau Federation (CFBF) in his campaign for State Senate District 1.

Describing him as an advocate for property rights and increasing water supplies, CFBF has endorsed Brian Dahle in a special election for the State Senate. Dahle, R-Bieber, seeks to represent the 1st Senate District, comprised of Shasta, Siskiyou, Modoc, Lassen, Plumas, Sierra, Nevada, Placer, Sacramento, El Dorado and Alpine counties.

"Brian Dahle grew up farming and knows about operating a successful farming business. That experience shapes the decisions he makes as a legislator," said CFBF President Jamie Johansson. "Dahle's local government and legislative experience has allowed him to be highly effective both for his constituents and for the good of agriculture statewide.

"Two things are vital to California farmers and ranchers: land and water," Johansson said. "Throughout his career, Assemblyman Brian Dahle has consistently worked to increase water supply and protect property rights."

"I'm humbled to have earned the endorsement of the California Farm Bureau Federation and local Farm Bureau organizations across our region. The CFBF is the strongest voice for the agricultural community in California and I sincerely respect the importance of its mission and as a farmer myself, having their support is very gratifying," stated Dahle.

California Farm Bureau Federation is a nonprofit organization of farmers and ranchers consisting of county Farm Bureaus from nearly every county in California, established in 1919 to work for the betterment of family farmers and ranchers in California. Their mission is to improve the well-being and quality of life for California farmers and ranchers through advocacy, ongoing outreach, and economic services and products for those involved in agricultural production.
