

# LÉDD: Le Leadership Étudiant vers le Développement Durable

## Resources (SLC FRENCH)

The following materials are available for LÉDD. ENG beside a resource means it's in English but is available to use and support your teaching. The basic LÉDD structure (Lessons and Action Packs) can be taught completely in French, however there are only a few French links to accompany each Action Pack and no French Lesson Videos at this time. In order to ensure the best quality of translation of the LÉDD materials, LÉDD is updated 1-2 years after our English SLC materials. Please let us know if you have any questions regarding our materials.
