

Phyllis Salowe-Kaye/Executive Director

Political Action Committee

October 16, 2014

Bonnie Watson Coleman
25 Scotch Road, Suite F
Ewing, NJ 08628

Dear Assemblywoman Watson Coleman,

Congratulations! New Jersey Citizen Action's Political Action Committee is proud to endorse your Congressional Campaign for election as Representative of New Jersey's 12th district. As the state's largest independent citizen watchdog coalition, Citizen Action pays very careful attention to the critical issues facing New Jersey's working families and seniors. Your leadership and principled positions on issues related to health care, labor, good jobs, housing and the environment reflects the kind of leader voters need in Washington D.C.

Your responses to our candidate questionnaire showed strong support for the majority of the major concerns facing our members and the public at-large. We are especially pleased with your leadership on and commitment to protecting national health care reform and support for tax fairness. Moreover, your commitment to reforming Wall Street and working to stabilize our wounded housing market are central to our efforts to establish protections for consumers and our economy as a whole.

Your commitment to women's and family work balance issues was also an important consideration in our decision to endorse your candidacy.

Once again, NJCA PAC is proud to endorse your campaign for Congress to New Jersey's 12th District. We will be working to educate and mobilize voters to get to the polls to elect Bonnie Watson Coleman for Congress on November 4, 2014.

Sincerely,

Mitch Kahn

NJCA PAC Chairman

Phyllis Salowe-Kaye

NJCA Executive Director
