

FIDUCIARY DUTIES IN A CHANGING CLIMATE

Climate Change Risk and Governance Obligations for Health Sector Directors

Webinar Invitation

Monday 23 November
12noon - 1pm AEDT

Health sector board directors are invited to take part in this online webinar presented by leading **Minter Ellison climate risk governance specialists, Sarah Barker and Charlotte Turner.**

Participants will learn about the relationship between their statutory duties and climate change risk (and opportunity) through a finance and liability lens, and understand the steps required to satisfy their corporate governance obligations.

This webinar is proudly hosted by the **Climate and Health Alliance (CAHA)**, Australia's peak body on climate and health. CAHA coordinates the Global Green and Healthy Hospitals network in Australia and New Zealand.
