

NEWNHAM WARD TEAM

Community help during the crisis

March 2020

Dear Resident,

Many people are anxious about the new coronavirus illness COVID-19. The public health measures to slow it down will have a major impact on all of us over the next few weeks and months. Many Newnham residents will need, or choose, to self-isolate at home. Some people will find it harder to do what they are used to doing, for all sorts of reasons.

The beauty about living in Newnham is the strong community spirit. This means that there are always people around to help if you need it: from residents associations, to the local shops, to community groups. **We have listed on the reverse of this letter contacts for local shops and general information so you have it to hand if you need it.** Our webpage <https://www.cambridgelibdems.org.uk/newnham> will be updated with new information as it becomes available.

If you are self-isolating and need help don't hesitate to contact one of the ward councillor team below and we will do whatever we can to help, or put you in touch with others who may be able to help.

In this uncertain time, it is important you look after yourself, your loved ones and those around us in our community.

Yours ever,

The Newnham ward councillor team
